

NEWARK, OHIO, FRIDAY EVENING, MARCH 26, 1915.

WEATHER FORECAST.

Fair tonight and colder. Saturday continued cold.

VOLUME 84 — NUMBER 38.

HOUSE WAS
ADJOURNED
TO MONDAY

In Memory of Former Member Gehman, of Cham-paign County

BILL LICENSING NON-MEDICAL HEALERS AMENDED

CHRISTIAN SCIENTISTS

And Osteopaths Are Not Affected In the Final Draft—Bill to Fix Admission to State Fair at 25 Cents—Committee's Trip to Cleveland is Postponed.

(Associated Press Telegram) Columbus, March 26.—The house adjourned today until Monday in memory of William M. Gehman of Champaign county, a former member of the house, whose death occurred recently. The adjournment was taken on a memorial resolution presented by Speaker Conover.

As amended finally and reported to the house today, by the public health committee, the Ellis bill, to regulate and license non-medical healers, does not apply to Christian Science practitioners or to osteopaths. Drugless healers of all other cults are required to pass examinations under the state medical board and are denied the right to treat cases of infectious or contagious diseases.

The senate public health committee reported out the 'Hoy medical practice bill with recommendation for passage. It was amended to permit advertising of remedies or treatments of tuberculosis, kidney diseases, cancer or private ailments, but to forbid "extraneous claims" for the curing of these diseases in advertisements. A trip to Cleveland by the insurance committee of the house to investigate insurance questions, was prevented today when the house on motion of Majority Leader Whittemore voted to postpone indefinitely the Mervel resolution, which would have given authority for the trip.

Representative Whittemore also took a stand against the Mooney senate bill to appropriate \$5,000 for Miss Ellen Hunt, Cleveland woman who claims to have been falsely confined in the Newburg hospital for the insane at Cleveland between 1887 and 1899. On his motion the house postponed it indefinitely. He said Miss Hunt's persistence in presenting the claim at each session of the legislature since 1899, was the only cause of its having been passed by the senate. There is no real merit in her claims, he declared.

Admission to the state fair will be only 25 cents for persons more than ten years old, if the legislature enacts a bill introduced today by Senator Moore of Jefferson. His measure prescribes that children under ten may be admitted free. It would not interfere with the usual free days for women and children, however.

The senate temperance committee today reported out with recommendation for passage the Vollenweider bill, providing penalty of between \$200 and \$500 for accepting shipments of liquor destined for dry territory which are not labelled "liquor" on the outside of the package.

ROOSEVELT DECLINES TO EXPLAIN REMARK ABOUT PRES. WILSON.

(Associated Press Telegram.) Washington, March 26.—Colonel Roosevelt has not accepted the invitation to testify before the senate ship bill lobby committee on the ground that he had no information on the subject of the investigation except such as is available to the public generally.

The committee intended to question the colonel tomorrow about articles he has written bearing on the charge that the administration was proposing to buy ships of the European belligerents laid up in American ports.

The conference of senators decided the colonel would not be called, but that a telegram from him would be put in the committee's record. The particular statement of Colonel Roosevelt which led to the request for his appearance was that President Wilson and Secretary Bryan "have endeavored, in the interest of certain foreign business firms, to secure for the United States the power to purchase the interned ships of one of the belligerents."

Seven Progressives In Next Congress; Nineteen In Last

(Associated Press Telegram) Washington, March 26.—Progressive strength in the next house of representatives will consist of seven members, compared with 19 in the last congress, according to the calculations of Representative Stephens of California. He said today that the seven would confer at the beginning of the next session to determine upon a leader and to outline the party program.

Mr. Stephens added that Representative Copley of Illinois, might be proposed for the leadership.

DEATH CALLS F. H. SHOWMAN EARLY TODAY

Frank H. Showman, former city weighmaster and for a number of years a resident of this city, died in his apartments in the Baker block at 5.30 o'clock this morning, after suffering since last September with a complication of ailments and dropsical trouble.

Mr. Showman was a son of the late William and Mary Showman and was born on the old homestead farm about three and a half miles west of this city. He was 56 years of age and assisted on the farm until a

FRANK H. SHOWMAN.

young man, when he removed to this city and engaged in the grocery business, which he continued for a number of years in West Main street.

He was later elected a trustee of Newark township and was also appointed city weighmaster, holding that position up until a little over a year ago. During last September he visited a sister in Kenton, O., and returned home ill, remaining for some time with his sister, Miss Nan Showman, on the old home farm. Later he came to his apartments in this city and never left his room after that.

Mr. Showman was genial and companionable and had many friends who will be sorry to learn of his demise. He is survived by three brothers and six sisters, William, Charles and John, of west of the city and Miss Nan Showman, residing on the old home farm, Mrs. Dan Alspaugh, Mrs. S. E. Gutridge, Mrs. Frank Dooney of this city, Mrs. C. E. Nash, of Kenton, O., and Mrs. Albert Hickerson of New Mexico, who is visiting here at the present time.

The funeral will take place at the home of Miss Nan Showman Sunday afternoon at 1 o'clock, and burial will be made in Cedar Hill cemetery.

ANOTHER STEAMER SUNK BY GERMANS

(Associated Press Telegram) London, Mar. 26.—The steamer Delmira has been sunk by a German submarine off Boulogne, in the English Channel. The members of the crew were given ten minutes in which to leave the vessel. Subsequently they landed on the Isle of Wight.

RUSS ARMY IS HOLDING HINDENBERG

While Other Forces Are Desperately Fighting In Carpathians

TO THRUST BACK THE AUSTRIAN FRONTS THERE

NETHERLANDS AROUSED

By Sinking of the Steamer Media By a German Submarine, Coming Upon the Heels of the Recent Capture of Two Dutch Merchantmen—Views of War In London.

(Associated Press Telegram) London, March 26.—As has been predicted by military observers since the fall of Przemyśl, Russia is now directing her chief offensive against the Austrian front in the Carpathians. In the north, between the Niemen and the Vistula rivers, the Russian forces are making little effort to advance, evidently being content to 'hold' Field Marshal von Hindenberg in check, but desperate fighting is taking place in the Carpathians, where Russians are thrusting back the Austrians along the Dukla and Uzsok line.

Unofficial reports via Bucharest credit Russia with a great victory at Uzsok, while Petrograd officially claims an important success in the capture of fortified positions near the Luplow Pass. These formidable positions were taken by storm, with the Austrians losing machine guns and over 5,000 prisoners.

Unofficial reports also credit the Russian army with further successes in Bukovina. Vienna admits the importance of the Russian offensive in the mountain passes, but at the same time declares the fierce attacks on these positions have been repulsed.

Politically, no decisive move has been made to increase the number of the combatants, but it is freely rumored that the mission at Rome of Prince von Buelow, the German ambassador, has failed so completely that all negotiations between Austria and Italy have been suspended. Rumania, impressed by the fall of Przemyśl is said to be contemplating immediate action on the side of the allies.

The sinking of the Netherlands steamer Media by a German submarine has caused much uneasiness in Holland, where the people already are irritated by the recent capture by Germany of two Dutch merchantmen.

Various reports represent the allied fleet as again entering the Dardanelles, but in so much as official confirmation is lacking, it is believed the movements of the allied warships have been limited to an effort to cover the operations of mine sweepers.

WOOL MARKET BULLETIN.

(Associated Press Telegram) Boston, Mar. 26.—The Commercial Bulletin will say of the wool market tomorrow. "Except for a fair turnover in foreign wools again this week, the market has been very sluggish again. What business has been done in foreign wools has been at recent rates. Some trading in domestic scouring wool is reported but at slightly lower prices. The goods market appears to improve but slowly. Foreign markets have been fairly steady."

To "Pounce Upon" Thaw Would be A Dishonor to the State of New York, Is The Opinion of Two Appellate Judges

(Associated Press Telegram) New York, March 26.—Two justices of the appellate division of the supreme court agreed today that there was a doubt in their minds whether the state of New York would be within its rights in "pouncing" upon Harry Kendall Thaw, after his acquittal here on the conspiracy charge in which he was extradited from New Hampshire and returning him to the state hospital for the criminal insane at Matteawan.

They were Justice Ingraham, presiding, and Justice Scott. To voice their views, the interrupted Franklin Kennedy, special district attorney general in charge of the state's case against Thaw, while he was arguing before the appellate division against an appeal taken by Thaw's counsel from a decision of Supreme Court

Justice Page refusing a motion to return Thaw to New Hampshire. Counsel for Thaw had already presented their arguments, which were based upon the contention that Thaw, having been extradited from New Hampshire to answer a charge of conspiracy and having been freed of that charge, had been returned forthwith to the state from which he was extradited.

Mr. Kennedy then began his argument, contending that even though Thaw had been acquitted the fact remained that he was now within New York's jurisdiction, and as the original commitment upon which he was sent to Matteawan was still valid he should be returned there.

Justice Ingraham interrupted his argument to say: "I am in doubt as to the rights of the state of New York to pounce upon Thaw following his acquittal of crime, and then return him to the

New York Lawyer and Women In His Case.

(Associated Press Telegram) New York, March 26.—The case against Miss Rae Tanzer, who was held in \$50,000 bail on a charge of using the mails to defraud, after she had begun a \$50,000 breach of promise suit against James W. Osborne, will not be submitted to the federal grand jury before Monday next, according to an announcement by U. S. District Attorney Marshall.

The government, Mr. Marshall said, has a large number of witnesses in addition to those produced at the hearing before U. S. Commissioner Houghton. One of these, it is understood, is Matthew J. Smith, formerly district attorney of Queens county, who last night made an affidavit that Mr. Osborne was in conference with him in this city on the afternoon of the day on which Miss Tanzer alleged that Mr. Osborne accompanied her to a hotel in Plainfield, N. J.

District Attorney Marshall said he was not worried by the absence of Oliver Osborne, the missing witness in the case, but believed he would appear in two or three days. Miss Tanzer sued the lawyer alleging he had promised to marry her. Thereupon Mr. Osborne announced a man named Oliver Osborne had gone to his apartments and explained he was the Osborne who had taken Miss Tanzer out. The lawyer sought the United States attorney and had his accuser indicted for fraudulent use of the mails.

Then Oliver Osborne dropped from sight, and detectives employed by the United States attorney could not find him. Here Miss Kaiser entered the case in behalf of the lawyer. She asserted she knew Oliver Osborne well. She had been entertained by him. He had written her letters just like those Miss Tanzer claimed were written by James W. Osborne.

Turkish Troops Beat And Insulted American Missionaries In Persia

(Associated Press Telegram) Tiflis, Russia, March 25.—Via Petrograd, March 26.—Turkish troops have committed further acts of violence at the American mission in Urumiah, Persia, according to a message received by the local viceroy from Gordon Paddock, the American consul at Tabriz.

Mr. Padlock transmits a message from Missionary Robert M. Labaree, at Urumiah to the effect that the Turkish consul at Urumiah forced his way into the mission compound with a number of Turkish regular troops and removed some Assyrian Christian refugees who were then massacred.

The Turks also beat and insulted the American missionaries.

STATE DEPARTMENT URGING TURKEY TO PROTECT AMERICANS.

(Associated Press Telegram) Washington, March 26.—Under instructions from the state department, American Ambassador Morgenthau at Constantinople is pressing the Turkish government to protect the American mission at Urumiah, Persia.

So far there is no official information here of the extent of the danger and the state department is to a certain extent, acting on the news dispatches.

Officials fear that the Porte itself can only with difficulty exert control over the irregular Turkish forces reported operating in eastern Persia, nominally against the Russians, but also to a larger extent against the native Christians. Secretary Bryan has received an appeal from the Presbyterian board of foreign missions to do everything possible to protect the mission at Urumiah. After the cabinet meeting today he said American consul Glazebrook at Jerusalem, as well as other consular officers nearby have been informed of the reports of conditions at Urumiah and asked to make investigations.

OHIO BANKING BUSINESS NOW SATISFACTORY

(Associated Press Telegram) Columbus, Mar. 26.—That the condition of the banking business in Ohio is entirely satisfactory, is indicated by reports made to State Bank Superintendent Harry T. Hall, by state and private banks, in compliance with a call made by him on them for a statement on the condition of business on March 4. This was the first call sent out by the new superintendent.

Mrs. Marie Lee, 79, died at Coshdon after a four-weeks' illness of grip.

Submarine Of U. S. Navy Met With Disaster

Submerged Last Night Off Harbor of Honolulu and Failing to Reappear It Is Feared That She Is Lost, With All On Board, Which Would Constitute the Greatest Submarine Disaster In Navy History

DIVERS AND GRAPPLING CABLES USED FUTILELY

She is Believed to Be Lying On the Ocean Bed Which is Precipitous, and Fears Are Felt That the Vessel Has Plunged Down One of These Depths to a Fearful Doom—Marker Arranged to Be Released From the Interior Has Not Come to the Surface—Experts Believe That Crew of 26 Has Perished.

(Associated Press Telegram) Washington, March 26.—Trapped at the bottom of the Honolulu harbor under at least 35 fathoms of water—probably more—the United States submarine F-4 lies helpless with her commander and at least 15 men, in what is feared to be one of the worst submarine boat disasters in the world's naval history.

More than 24 hours of every effort known to naval practice to raise the sunken boat or get a signal from her crew has failed. Her marker buoy, which should come to the top to mark her resting place, in such an emergency has failed to appear; the surface of the water at 30 fathoms is covered with a film of oil from the submerged boat's tanks.

Navy department officials fear one of two calamities—that the F-4 struck a rock and that her crew were drowned in the rushing waters or that there was an internal explosion.

While hope for the men has not been given up, the gravest fears are entertained that they may have been lost in the first submarine boat disaster of the United States navy.

On the face of meagre official reports from the Honolulu naval station which said the F-4 disappeared at 9:15 o'clock yesterday morning, after making a dive during maneuvers, and that constant grappling and diving has failed to locate her definitely, naval officers fear the boat may have slipped over a ledge on the volcanic rock bottom of the harbor into some deep pocket out of reach of help.

The diving record of a man is 240 feet; the world's diving record of a submarine—made by an American boat, the F-1, a sister ship of the F-4, is 283 feet. If the F-4, by accident or otherwise, has gone deeper, it is feared the tremendous pressure of the waters has crushed her shell.

Although fitted with the latest device in safety air locks, through which a man can be shot to safety at as great a depth as 35 fathoms, the men on the F-4 apparently have been unable to use them and this fact, coupled with the fact that they have not released their marker buoy, makes officials fear something terrible has happened down in the dark.

Lieutenant Alfred Louis Ede, junior grade, in command of the F-4, is 28 years old. His home is at Reno, Nev. He was graduated from the naval academy in the class of 1909, and most of his service has been on the Pacific coast. He first was on the West Virginia, later the torpedo boat Tuxton, and in 1913 on the Alert under instruction in submarines. July 14, 1914, he took command of the F-4 and went immediately to Honolulu. The lieutenant was married just before sailing for Honolulu, where his wife is.

Until the present time, the United States navy has been particularly fortunate with its submarine. Not a life has been lost in their operations, although some of the ships have sustained minor accidents, such as are not uncommon to hazards of submarine maneuvers. European navies, however, have had several serious accidents in which submarines have gone to the bottom and with their crews, never have been recovered.

It was pointed out today that American submarines have one feature of construction intended to meet just such an emergency as confronts the F-4. On their outer skin are large eyes into which grappling hooks, being trailed from rescue ships on the surface may catch and the sunken craft may be hauled into shallow water or to the surface.

The waters of Honolulu harbor, where the F-4 lies, have volcanic rock formation at their bottom with tall, sharp peaks and deep, narrow pockets. The fear is that the F-4 may have fallen into one of the latter.

Commander Smith's mention of the entrance of the harbor being covered with oil created grave alarm at the navy department. It was feared that the F-4 had struck a rock, although it was pointed out that Lieutenant Ede might have blown out the vessel's oil to lighten her burden.

But the alarm of officials was increased by the omission in Commander Smith's report of any reference to a signal from the submerged craft. She was equipped with a marker buoy attached to the outside of the submarine and capable of being released from within. As no mention was made of the appearance of the marker buoy, officials concluded it has not come to the surface.

The usual diving radius of a submarine is between 150 and 200 feet. The world's record for diving, made by the F-1, a sister ship of the sunken F-4 in San Francisco Bay two years ago, is 283 feet, at which depth she remained for 10 minutes and cruised at a speed of six knots. At that depth, the hull cracked and groaned under the tremendous pressure and Lieutenant James B. Howell, her commander, reported that the water seeped through the seams.

The government tug Narrajo, which was assisted by another tug in dragging the bottom with grappling hooks, early today reported its lines fast at a depth of thirty-five fathoms to what was believed to be submarine F-4. (Continued on Page 12, Col. 5.)

Sudden Development In The Balkan Situation Is Now Worrying Turkey

(Associated Press Telegram) London, March 26.—The Exchange Telegraph company has received a dispatch from Athens saying that Field Marshal von der Goltz, who has been in Constantinople for some months past, representing German military interests, has left the Turkish capital for Sofia, Bulgaria. At the same time General Liman von Sanders, the commander of the Turkish forces in Europe, has left Constantinople for Adrianople.

Field Marshal von der Goltz was the first military governor of Belgium. He was sent to Constantinople from Belgium, the latter part of 1914 to advise in the matter of the conduct of the Turkish campaign. General von Sanders has been identified with the Turkish army for several years.

The departure of these two officers from Constantinople, one for Sofia, the capital of Bulgaria, and the other for Adrianople, the second most important city in European Turkey and not far from the Bulgarian frontier, indicates some sudden development in the Balkan situation which is causing Turkey concern.

A dispatch under date of March 24 from Athens, said the Turks were fortifying Lule Burgas, 45 miles southeast of Adrianople and other places in the fear of a possible attack by Bulgaria. A Turkish army at Lule Burgas is being trained by German officers.

DERAILED

MOTOR SPEEDER CAUSED DEATH OF TWO AND FATAL INJURY TO ONE

Latter Terribly Injured Walked to Caboose While Bodies Were Being Picked Up.

(ASSOCIATED PRESS TELEGRAM)
Kenton, O., March 26.—Two men were killed and one was probably fatally injured last night, when a motor speeder, which they were riding on the Erie railroad track was derailed late last night. The dead: George Page, and Neil Simpson. Fatally injured: W. H. Nau. The men all of whom lived in the village of Foraker, were railroad employees and were returning home after having attended a theatre performance in Kenton. Page leaves a bride of six months. Simpson leaves a widow and three sons. Nau, who lies near death at a Kenton hospital, is single. Railroad men say the men drove their speeder too fast. A passing train crew discovered the dead bodies along the track an hour after the accident. While the crew was picking up the dead, Nau, terribly injured, but able to walk, wandered into the caboose of the train dazed and delirious, and unable to give any account of the accident.

SPECIAL SERVICES AT CENTRAL CHURCH ALL OF NEXT WEEK

There will be special evangelistic meetings held in the Central Church of Christ, beginning Sunday, March 25, and closing Easter Sunday, April 4. The minister will do the preaching, and Miss Hughes will have charge of the music.

The meetings next week, at the Central Church of Christ, will be brief. They will begin at 7:30, and continue just one hour. There will be appropriate music for each service. The sermons will be brief. The following are the sermon themes: Sunday, March 25, morning, "A Kingly Vision"; evening, "What Shall I Do With My Life?"; Monday evening, "By What Authority?"; Tuesday evening, "Jesus and His Enemies"; Wednesday evening, "The Father's Portrait"; Thursday evening, "The Perpetual Presence"; Friday evening, "Christ's Cross and Mine"; Sunday, April 4, morning, Easter sermon, "If Christ Be Not Risen"; evening, "Seen of Angels, and of Men." The Central Church will co-operate heartily in all of the union meetings of the week. All not in attendance elsewhere are cordially invited to worship with us at any or all of the services indicated above. It is greatly hoped that the members of the church will cheerfully make any necessary sacrifice in order to attend every meeting. Let us be found "altogether, with one accord, in one place."

UNION STATION

Mrs. John Marsh and little son, of Black Lick visited her mother, Mrs. Brill of near here Thursday.

Mrs. Frank Carlyle spent from Thursday until Saturday with Mr. and Mrs. Merbert Carlyle at Newark.

Mrs. Walter Norris of Outville spent Friday with her mother Mrs. Frank Hillibrant.

Mrs. Williams visited relatives in Newark, Wednesday and Thursday.

Mrs. Zona Harris called on Mrs. Frank Moose at Outville Wednesday morning.

Mrs. John Showman and little daughter Bertha of north of Granville visited her parents Mr. and Mrs. Aaron Hillibrant Wednesday.

Miss Etha Davis of Newark spent Thursday with her sister Miss Wealtha Davis at the Brown homestead.

Mr. and Mrs. Guy Carlyle and little son Clifford spent Saturday night and Sunday with relatives in Granville.

Mrs. Zona Harris visited her parents Mr. and Mrs. Pete Van Winkle of near Utica from Saturday until Monday.

Mr. and Mrs. N. C. Brown, Jr., were Newark visitors Saturday evening.

Mr. and Mrs. George Drumm and son Vernon called on Mr. Griffith Jones Sunday afternoon.

REDUCING SUGAR IN DIABETES

The reduction of sugar in many cases of Diabetes in people aged fifty and over by an agent that opposes hepatic degeneration is not a matter of opinion but a FACT IN PHYSICS, and we will mail formula that will show the percentage of sugar from week to week. As the sugar disappears improvement commonly follows, recoveries having been reported in many cases.

Example — J. J. Pennepacker, Principal of the Public School of Hoquiam, Wash., advises that some three years ago he was broken down with Diabetes. Tests showed 4 per cent. of sugar and his physicians agreed they could do nothing more for him. He put himself on Fulton's Diabetic Compound. Gradual improvement followed and in due course he advised that he was devoting his full time to his profession and called himself well.

Literature and sugar formula mailed on request. John J. Fulton Co., San Francisco. Frank D. Hall is local agent. Ask for pamphlet.

And He Did.

"Jane, what time is it?" called down the irate father.

"I don't know, Pa. The clock isn't going."

"But I am," spoke up the young man, who could take a hint.—Detroit Free Press.

Emb. Handkerchiefs 25c

A large assortment of dainty patterns in pure linen embroidered handkerchiefs, 25c value, each 25c

Every New Style In Separate Coats

Truly, They Are Most Beautiful

Ordinarily a separate coat is worn a greater length of time than a suit, therefore it should be selected with exacting care. One should carefully consider these two features: Is the material serviceable and will the style be in vogue two or three months hence? Every garment we have on display has been carefully selected. The styles are not freakish, yet they are advanced, and many of them carry out the ideas that will predominate next Fall. All materials used in the making of these garments have been cold water shrunk, assuring you of perfect service. Only silk thread has been used in the making, which adds extra strength. And all linings are guaranteed for two seasons' wear. You could ask no more if you personally had your coat made to order. Hundreds of the best styles, materials and shades are now ready to select from. And prices—they're so reasonable.

\$6.75, \$8.75, \$10.00, \$12.50, \$15.00

FOUR EXTRAORDINARY SKIRT VALUES

AT \$1.50—A nobby new style, tailored from Chuddeh cloth, in black and navy. Easily worth \$6.75.

AT \$5.00—Handsome skirts, tailored from English gabardine. Made in the flare effect, with novel yoke.

AT \$6.50—Clever styles, tailored from Shepherd checks, broken checks, etc. They're the newest this season.

AT \$6.98—Many beautiful styles, made up from the most popular materials. You'll certainly like these.

BEAUTIFUL SILK FROCKS Many Copies of Imported Models

NEW STYLES AT \$6.98 AND \$7.50
Beautiful styles made up from silk poplins and fancy flowered silks. These are very new and represent the latest fashion tendencies. Extreme values, at each \$6.98 and \$7.50

FROCKS AT \$10.00 TO \$15.00

Our showing of infants' and children's Spring Coats is now complete. The styles are exceptionally pretty and the prices very reasonable. Every wanted shade.

When You Have Gained

a money reserve that is the result of long, persistent effort and careful management, you expect that reserve to bring you some adequate return.

You want your surplus money to be productive, but—FIRST OF ALL you demand that it shall be ABSOLUTELY SECURE at all times.

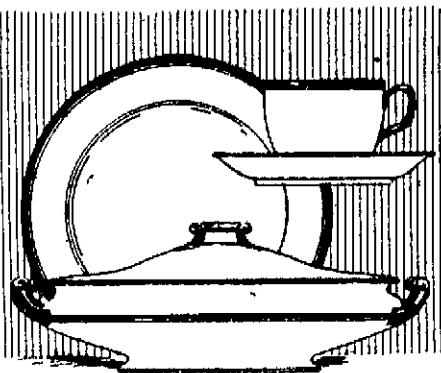

Then why not place your surplus funds in this strong, well-known Home Building Association Company of Newark?

For more than a third of a century past this "Old Home" has given perfect safety and painstaking services to thousands of patrons in Newark and vicinity. In all these years no one has ever lost a penny here, no one has ever been asked to wait a moment for his money when he wanted it.

First mortgage security, a large Surplus Fund and our strict adherence to the Supervision of the State of Ohio are all tangible reasons why your investment here is SAFE while earning you 4%.

The HOME Building Association Co.
NEWARK, OHIO.

Dinnerware Announcement

We are now prepared to supply your needs for table services in fine China Dinnerware.

We have all the open stock patterns formerly carried by "The Fair," including some later importations.

Here you will find the most attractive productions of the best English, German, Austrian and Bavarian potteries, also from the French potteries of Haviland & Co., Theodore Haviland & Co. and Chas. Field Haviland.

This fine dinner ware, with domestic patterns also, is now on display on our main floor, and estimates will be gladly given on patterns in which you are interested.

We also beg to announce that our Spring DRAPERIES, RUGS and FURNITURE are now on display.

We have a complete line of Summer Furniture, including FIRELESS COOKERS, REFRIGERATORS, PORCH FURNITURE, SWINGS, etc.

See our line before deciding.

RHEUMATISM IN JOINTS

Pain Disappears and Swelling Vanishes in a Few Days.

That is what happens if you use Rheuma, the wonderful remedy that T. J. Evans and all druggists sell on the "money back if not cured" plan. There is a vast amount of rheumatism in this vicinity, and if you know any sufferer, call his attention to this generous offer.

Rheuma is a quick acting prescription. You will know your rheumatism is leaving 24 hours after you take the first dose. It dissolves the uric acid and drives it from its lodging place.

Mrs. Alice A. Brown, Ithaca, N. Y., writes: "For seven years I suffered greatly with rheumatism in my hip; at night I was scarcely able to sleep. One bottle of Rheuma cured me."

That sounds miraculous, but Rheuma does miraculous things. Fifty cents a bottle.

SAYS HE'S A HAPPY MAN ONCE MORE

Hanover Farmer Declares Benefits All Came From Nerv-Worth.

"I suffered with stomach and liver trouble for 7 or 8 years, which grew worse during the last two years. I could not sleep well and woke up tired in the morning. Food failed to digest. Often I would throw it up. Besides I was dizzy at times and had headache pretty often. But after taking a bottle of Nerv-Worth it is different. I am better than for years. All those troubles are gone. The world looks brighter and brighter. I can do my work with ease and am a happy man once more."

This is the song of gladness which came from the grateful heart of D. C. Mauk of Route 1, Hanover, if you are a victim of nervous disorder, follow in Mr. Mauk's footsteps—buy a bottle of Nerv-Worth at the T. J. Evans' drug store, Warden Block. Money back if it fails. \$1.00 a bottle.—Adv.

DEALERS MAKE MANY SALES AND DEVELOP OTHER PROSPECTS

With the approach of the end of the automobile week in the Arcade and Annex, Newark dealers are expressing themselves as being well satisfied with the results of their expenditure of money and time in taking part in the exhibition which has proved to be the most successful of any show of its kind held in Central Ohio, outside of the Columbus Show.

Most of the dealers are reporting good sales for the week and they all declare that the number of prospects which have developed during the show promise sales which will more than compensate them for their trouble.

The show will close late Saturday night. This afternoon the Blair Manufacturing company entertained the dealers and visiting factory representatives with a tour of the city in the gaso-electric bus, all the points of interest in the city being visited.

The visiting automobile men who were not familiar with the operation of the big bus, were surprised and pleased with its mechanical construction, and a number of them were free to predict a great future for the new idea in automobile construction.

Tonight at the Kuster Restaurant, the dealers, factory representatives and local garage employees will be guests of the association at a banquet which will mark the closing of the social features of the show.

ELECTRIC LIGHT BOND ISSUE. Several communications relating to the proposed electric light bond issue were received too late for publication today. The letters will appear in tomorrow's Advocate.

A series of scales to be adjusted to a child's head have been invented to insure accurate hair cutting, either at home or by barbers.

Many varieties of Australian wood are of such singular beauty and are so admirably fitted for cabinet making that they are in great demand for that purpose.

The Sarino (Ontario) Canadian says "Thomas Collins, of the first concession of Biddulph township, who is 99½ years old, has just commenced taking music lessons."

USING SOAP SPOILS THE HAIR

Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulished coconut oil (which is pure and greaseless), is cheaper and better than soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulished coconut oil at any pharmacy, and a few ounces will supply every member of the family for months.

CURRENT COST AT COLUMBUS CITY PLANT

Superintendent Eichorn Gives Figures for Past Four Years—Higher Than O. L. & P. Co. Price.

Over the telephone this morning Mr. H. E. Eichorn, the superintendent of the Columbus municipal light plant was asked to give the figures showing the price at which current was produced at the Columbus plant for the last four years.

Mr. Eichorn stated that the switchboard cost, that is the cost delivered at the switchboard, was as follows:

1911..... 214c per kilowatt
1912..... 214c per kilowatt
1913..... 248c per kilowatt
1914..... 211c per kilowatt

The increase in the price in 1913, Mr. Eichorn stated, was caused by the flood.

It will be remembered that the Ohio Light & Power Co. offers to furnish current at the switchboard at 11c per kilowatt or at a flat rate of \$4192.88.

The Columbus plant is a plant costing nearly a million dollars and generates about 8,000,000 kilowatts.

TO HAVE PRETTY HAIR

If your hair is not as soft, and pretty, or as fresh and full as that of some friend, do as she does—give it daily attention, just the same care as you would give a plant to make it healthy and beautiful. Luxuriant hair—soft, fluffy, thick and lustrous—is really a matter of care. If it is too thin, stimulate the hair roots and bring out the new hairs. If it is too dry and brittle soften it up—lubricate it. If you have dandruff it's because the scalp is too dry and flakes off. Freshen up the scalp and the dandruff disappears.

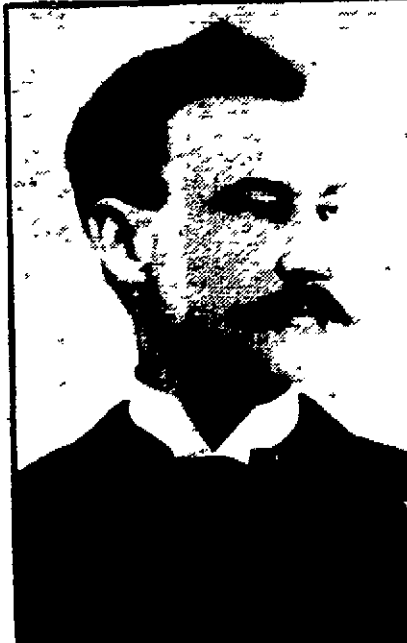

An inexpensive tonic, called Parisian Sage, which you can get from any drug counter or from T. J. Evans is just what you need—it softens the scalp, nourishes and invigorates the hair roots, immediately removes all dandruff and makes the hair fluffy, lustrous and abundant. One application will stop itching head and cleanse the hair of dust and excess oil. Parisian Sage takes away the dryness and brittleness, makes the hair seem twice as abundant and beautifies it until it is soft and lustrous.

By the use of this helpful tonic any woman can easily make her hair beautiful; and pretty hair surely increases charm and beauty.

W. H. ANDERSON HAS RESIGNED AS DIST. ASSESSOR

District Assessor W. H. Anderson has forwarded his resignation to Governor Frank B. Willis. Mr. Anderson was appointed to the office by Governor James M. Cox, Dec. 5, 1913. He has made a splendid official and placed thousands of dollars of property on the tax duplicate. His many friends over the county will regret to learn that he found it necessary to take such action. In an interview this afternoon Mr. Anderson said:

"I have resigned the office of District Assessor for the assessment district of Licking county. It is absolutely necessary that complete har-

W. H. ANDERSON.
District Assessor.

mony of actions should exist in the assessing machinery in order to get a just and equitable assessment of the taxable property of Ohio. It is evident that the State Tax Commission of Ohio, as reorganized, is not in sympathy with the Warner taxation law, and as the State Tax Commission must direct and supervise said assessment, if I should retain the office of Deputy State Tax Commissioner under such conditions, I would necessarily feel embarrassed in the discharge of my official duties, and as the interests of the taxpayers of the County are paramount to any personal or pecuniary interest of mine, I have decided to resign said position and have accordingly sent my resignation to the Governor effective at once."

Mr. and Mrs. Henry Strong, who have been stopping at the Sherwood while visiting friends here, left for their home in Sandusky today.

It is Harris of Mansfield is a business visitor in the city today.

FRECKLES

February and March Brings Out Un-sightly Spots, How to Remove Easily.

The woman with tender skin dreads February and March because they are likely to cover her face with ugly freckles. No matter how thick her veil, the sun and winds have a strong tendency to make her freckle.

Fortunately for her peace of mind the recent discovery of a new prescription, othine—double strength, makes it possible for even those most susceptible to freckles to keep their skin clear and white. No matter how stubborn a case of freckles you have, the double strength othine should remove them.

Get an ounce from Evans' Drug Store or any druggist and banish the freckles. Money back if it fails.

MOOSE CELEBRATE 4th ANNIVERSARY OF NEWARK LODGE

The fourth annual celebration of the institution of Licking Lodge, L. O. O. M., No. 499, was held last evening in their club rooms in the Hibbert & Schaus block, and far surpassed any previous efforts along the same line. An excellent program was given and a luncheon followed which was one of the best of the many served in the Moose club rooms. The credit for the success of the affair should be given to Amos Brown of the Toledo lodge, and he was ably assisted by Ralph "Charley Boy" Ravis. The program consisted of seventeen numbers and all were very enjoyable.

Dictator F. B. Slabaugh, Vice Dictator Davis, Past Dictator Hamilton, Prelate Smith, Secretary McGonagle, Treasurer Miller, Sergeant-at-arms Mullman, Inner Guard Barr, and Trustees Weekly, Brown and Darnes were all present and helped to make the session a big success. After the lodge business had been transacted all adjourned to the social rooms and the good time started.

Col George H. Hamilton fired the opening gun and the Colonel is no novice as an entertainer. His address was inimitable and eloquent and at its conclusion he was tendered a great ovation.

Dr. H. H. Baker, he of the cheerful smile, was selected as the "roast-master" and he was deserving of the title for he certainly handed out some hot ones, and he kept things moving, there not being a dull moment, hitch or drag, during the rendition of the different numbers.

Frank C. Spaulding, formerly of this city but now located at Cleveland, was called upon and made a heart to heart talk to those present which is bound to result in much good.

Toastmaster Baker next introduced J. F. Cherry as "Dago Frank," the silver-tongued orator, and these gentlemen made good with a vengeance.

Secretary Edward McGonagle was next introduced as the Irish Jew and he rid his system of a lot of advice that had been accumulating for the past several weeks. Mac is just as good along that line as he is in collecting dues, and he is counted as an expert there.

Dictator Slabaugh was next called upon and with his usual eloquence pleased his hearers with one of his touching discourses on "The Brotherhood of Man and Our Responsibility to our Brother and Those Dependent Upon Him." Mr. Slabaugh's talk was a gem and was well received.

Ralph Davis next executed a difficult piano solo and was forced to respond to an encore.

The Moose Quartette, Messrs Hull, Johns, Hary Ingram, Fred Morris and Earl Pritchard was next on the program and they sang several fine selections.

The big surprise of the evening was Capt. Carr's Moose drill team and they executed many difficult movements. They are sure to bring back the silver cup at the next annual field day which is to be held at Cedar Point.

Capt. Carr deserves a great deal of credit for his splendid work and the results which he has accomplished.

Amos Brown made a big hit when called upon by his rendition of "I was there when he Started." He responded with another just as good for an encore. Ralph Davis next recited "The Rose," in Italian dialect and it was encored. Harry Ingram then gave an exhibition of buck and wing dancing that "brought down the house." Albert Dornie as the Arabian dancing girl was clever.

The Moose quartette then introduced another song, A. L. Wahn gave a pleasing piano number and then Toastmaster Baker read the latest war news from the front and the session filled the tables and Stewards Joseph Kuster and Wm. Duesenberry brought on the cats and it was some treat. Everybody pronounced the fourth annual one of the best ever.

Y. W. C. A. GIRLS WIN FIRST GAME FROM UTICA TEAM

The basket ball team carried off the honors Thursday night at Utica where they played their first game, with a score of 27-21. The trip was a most exciting one and for a time it looked as though instead of playing basket ball in Utica, we might have to walk back to town, but two boys came to the rescue and carried the sixteen stranded passengers to their destination in time for the game. Everyone was in good spirits and all declare it an experience long to be remembered.

FAILURE

OF VON BUELOW TO BRING ABOUT AN ITALIAN-AUSTRIAN AGREEMENT

Is Unofficially Announced, and That He Has Resigned the Role of Mediator.

(ASSOCIATED PRESS TELEGRAM) Rome, March 25.—Elforts of Prince von Buelow, the German ambassador to bring about an agreement between the Italian and Austrian governments, regarding the cessation of territory, have definitely failed, according to the Agenzia Nazionale, which says it is informed that when the last courier from Vienna brought to the ambassador Austria's final terms, they were of such a nature that he did not consider it worth while to submit them to the foreign office here. It is reported that prince von Buelow has resigned the role of mediator.

ENGLAND'S FRIENDSHIP NECESSARY TO ITALY AND SHE REMAINED NEUTRAL.

(ASSOCIATED PRESS TELEGRAM) Rome, March 25.—Via Paris, March 26.—Commenting upon replies received from distinguished Englishmen regarding their views upon Anglo-Italian friendship, the Giornale D'Italia declares the cordial relations between Great Britain and Italy, while based in part upon sentiment, are founded chiefly upon political considerations. The paper says that since Italy is essentially a sea-faring nation, she cannot ignore the special maritime position of England.

The Giornale D'Italia recalls that for years Italy's traditional friendship with England, existed pointly with the former's alliance with Germany and Austria. Then difficulties arose to prevent remaining in the triple alliance and still preserving cordial relations with Great Britain. This the paper asserts, was one of the chief reasons why Italy maintained her neutrality in the war.

GERMAN STEAMSHIP AGENTS' OFFICE IS THREATENED BY CROWD.

(ASSOCIATED PRESS TELEGRAM) Florence, Italy, March 25.—Via Paris, March 26.—A vigorous protest was made to the police today by the agent here of the North German Lloyd steamship company, because a crowd gathered around his office and broke the window in which he displayed war dispatches. A search of the steamship office disclosed three large bronze busts of General von Hindenburg, together with lists of numbers for a lottery and also for the German war loan.

RESTORES PLEASING PLUMPNESS.

Samose Sold Under W. A. Erman & Son's "No Cure No Pay" Plan.

There are a good many people in Newark who ardently wish they could find some way of getting fat and plump. While not ill, yet they are so thin and scrawny that their friends think they cannot be well. In nine cases out of ten this condition can be readily overcome by using the combination of flesh-forming foods known as Samose. This little tablet taken three times a day with the food does wonders in building up good health and restoring the pleasing plumpness that is so desirable.

W. A. Erman & Son have the agency for this preparation and sell it with the promise that if it does not do all that is claimed for it in making people gain in weight and in health, the money will be refunded. You certainly can afford to try a 50c box on this plan, as Samose will cost you nothing unless it gives satisfaction.

MANY SUBMARINES CLOSELY SCRUTINIZE AMERICAN VESSEL

(ASSOCIATED PRESS TELEGRAM) New York, March 26.—Officers of the American steamer Santiago, which reached here today from Copenhagen, asserted that their vessel was closely scrutinized on the way over by two German submarines which rose unexpectedly to the surface near the Shetland Islands at daybreak of March 14. The submarines, according to the ship's officers, came up simultaneously, one on each side of the Santiago less than half a mile away. They remained on the surface for a minute or two but made no signal to the steamer. Then they dived again and were seen no more.

MT. ZION

Remember that Sunday school will be organized at Mt. Zion next Sunday, March 28. Let everybody come and bring your neighbors along. May be they would like to see Mt. Zion once more.

Mrs. Ora Donahay and little son Raymond spent part of last week with her parents, Mr. and Mrs. Henry Van Winkle.

Mr. Austin Neely sustained a very painful accident Wednesday when the hay ladders which he and a neighbor were adjusting, fell, striking him on the chest.

Mr. Clair Fowls spent Saturday night and Sunday with Mr. and Mrs. Reuben Elliott of Bladensburg.

Mr. Roy Hardesty of Jug Run spent Sunday afternoon with Mr. Grover and Carl Harris.

Mr. and Mrs. Clyde Thompson of Utica are spending this week at their form here.

Several from here attended the Penny Social at Bladensburg Saturday evening.

Mr. Lenna Donahay has moved from her property in West Main to her farm near here.

Mrs. Clark Schooler and daughters Evadne and Wave and Mrs. James Fowls spent Sunday with Mrs. Mary Wilson of Hen Peck.

MINSTRELS

GIVEN AT HIGH SCHOOL FOR BENEFIT OF BOYS' ATHLETIC ASSOCIATION

Was in Every Way a Most Creditable Entertainment—Repeated Tonight.

The annual show given by the High School Troubadour for the benefit of the Boys' Athletic Association of the school, proved a tremendous success on Thursday evening and the advance sale of tickets foretells a complete sell out this evening, when the minstrel will be repeated.

The production was as cleverly arranged and as bright and snappy an amateur performance as has ever been presented in the city, and the large audience which filled the High School Auditorium was appreciative and enthusiastic. The show was given under the direction of Prof. C. W. Klopp and Prof. L. G. Millisor and to them is due great credit for the professional ease with which it was presented.

The curtain went up on the first part showing the front row of the chorus in full evening dress while the second row wore blouses with red ties. The end men, Joe Plaine, William Potter, Charles Brown, Robert Africa, Dan Ryan, and Isaac Emmons, wore red suits, while the premier end men had on polka dot costumes.

The opening chorus was old plantation melodies arranged by Prof. C. W. Klopp, then the interlocutor Herschel Stephan, who wore a colonial costume, introduced Leslie Evans, who has a very pleasing tenor voice. Mr. Evans sang a popular number, which proved a favorite, "Back to Carolina You Love" Isaac Emmons, then in an inimitable way sang the comedy song "The Big Bells Aringin' Dat Day," and was followed by Archie Goodwin who was heartily applauded for his rendition of "Way Down on Tampa Bay." One of the hits of the evening, however, was Joe Plaine when he sang "Three Dead," a comedy number which went big owing to Mr. Plaine's clever acting.

During a stage wait, the three premiers, Goddard Chase, Frank Graham, and Frank Ryan, shuffled in and the real fun began. "Roll Them Cotton Bales," a dialect song was given by Goddard Chase while Mr. Frank Graham, who has a delightful baritone voice and who is known to Newark audiences sang "Little Bunch of Shamrocks." Mr. Frank Ryan sang a very clever song, "The Garbage Gentlemen's Ball." The first part ended with the chorus number "The Grand Old Flag," and the American flag was thrown on the stage from a stereopticon.

Four good acts made up the olio. Messrs. Harry Matthews, bag pipe. Ernest Walters snare drum, and William Alspach bass drum, giving a Royal Scotch Highland Pipers act, opening the second part. The Newark High School "Sympathy" orchestra gave a burlesque act, under the direction of Goddard Chase. The curtain went up on an empty stage and as Mr. Chase sounded the call on the corner, the members of the orchestra, numbering thirty-eight assembled on the stage from various parts of the audience. Two very pleasing violin numbers were given by Royden Stevens and a trombone solo and encore number were given by Warren Weiant. A "rotten overture" arranged by Prof. C. W. Klopp closed the act.

Frank Graham and Frank Ryan put on a comedy singing and talking act giving it in black face. Mr. Graham sang "You are Calling Me," and Mr. Ryan gave "Memphis Blue."

The concluding act of the olio was a farce comedy entitled "The Five Cent Barber Shop," and was a fitting close of an evening of pleasure and fun. The characters were well taken and Messrs. Chase and Ryan starred as the barbers.

Much was added to the success of the show by the orchestra which was made up of the following members, Royden Stevens, violin; John Chester, violin; Carl Brubaker, violin; Homer Easterday, violin; Olive Baughman, piano; Owen Andrews, clarinet; Richard Fatig, first cornet; Fred Jones, 2nd cornet; Warren Weiant, trombone, and William Alspach traps.

The show will be repeated this evening and the advance sale has been very heavy, there being but a few seats left.

DOCTORS USING AMOLOX WITH GREAT SUCCESS

This remarkable letter, coming from a prominent physician engaged in active practice for over 25 years, proves the merit of this wonderful new Remedy.

I have used Amolox in four different cases with excellent results. All showed marked improvement from the start. Two apparently cured, the skin being free from scales and redness, and perfectly normal.

I consider Amolox a remedy of rare merit. I know of nothing in the modern text-books that equals it in therapeutic value.

Pimples on the face, Blackheads, Acne and all minor skin troubles yield quickly to the use of the Amolox Ointment. Sufferers of Eczema, Psoriasis, Tetter, Salt Rheum, and bad chronic cases of skin diseases lasting for years, should use both the Ointment and Solution to effect a cure. Trial size, 50c. Guaranteed and recommended by F. J. Evans.

FATAL AUTO ACCIDENT.

(ASSOCIATED PRESS TELEGRAM) Savannah, Ga., March 26.—Mrs. Robertson Marshall, of West Port, N. Y., was dead here today and her husband, a retired stock broker, was suffering from injuries as a result of an accident to the automobile in which they were riding last night.

RUTLEDGE'S EASTER STORE ATTRACTS & PLEASES

SPRING SUITS & OVERCOATS

Like ours are rare finds. We mean what we say. Every store does not exercise the care in buying that we do. Every store does not reduce stock so effectually at the close of each season. Every store is not willing to make the sacrifices we do in order to keep our stock always in the best condition and free from the burden of obsolete goods. **We do these things because it pays to do them.** When you buy your Easter Suit here you know that it is this spring's production and you know that even were you to ransack the stores of Columbus or any other big city, you would not find better values for the money than right here in Rutledge Bros. Store—the home of Hart, Schafner & Marx Fine Clothing.

These Prices Prevail For Spring

For stylish, perfect fitting, ready for service clothing which gives you every appearance of being custom tailored but relieves your purse of the burden.

JUSTICE

FOR THE PIUTE INDIANS ASKED
BY U. S. ARMY'S CHIEF OF
STAFF

General Scott Pays Tribute to Primitive
Virtues of Red Men in
Banquet Speech.

(Associated Press Telegram)
Salt Lake City, March 26.—General
Hugh L. Scott, chief of staff of
the United States army, guest of
honor, at a banquet of the Bonne-
ville club, last night, paid a tribute
to what he termed the primitive fair-
ness of the Indian and besought fair
treatment of the four Piutes he
brought from San Juan county to
Salt Lake City Wednesday. He said
the Indians were simply grown up
children, with a child's keen sense
of justice and injustice, stunted by
a civilization to which they could
not adapt themselves. He said he
had always found that the Indians
kept their agreements.

"I have more real, true, trustful
friends, friends who are willing to
lay down their lives for me," he
said, "among the wild red men of
the plains and mountains and the
wild Mohammedans of the Philip-
pines and the islands of the Pacific
than I have among the people of my
own race. The man who would deal
with the Indians is the man who
proves truly his friend; the man
who will not, had better keep away
from them."

He told of the misfortune of the
tribe with which he had just dealt.
He said when the hostile Indians
came to his camp, after having been
assured that no weapons, shackles
or traps awaited them, they were
"timid as wild horses, ready to
stampede at any alarm." They told
him how they had been dispossessed
of the country of their forefathers,
mostly by cowboys, who treated
them harshly, and were made de-
serts by a situation they did not
understand. They told him they
were innocent of any intentional
wrong and only asked for fair
treatment, which he said he prom-
ised them in the name of the Amer-
ican people and sincerely hoped they
would receive it.

General Scott will leave for Wash-
ington today.

Tee-Na-Gat, the young Piute
whose attempted arrest precipitated
the trouble, said through a Navajo
interpreter that he was innocent of
the murder of which he is accused.
He said he frequently visited the
camp of the Mexican who was killed
to obtain food, that he and the Mex-
ican were friends and that he does
not know how the Mexican met his
death.

NEWARK SCHOOLBOY
WOULD NOT REQUIRE
3 DAYS TO DECIDE.

(Associated Press Telegram.)
Chicago, March 26.—"Any
schoolboy could decide that
baseball suit in three days,"
a patron of baseball in Danville,
Ill., wrote to Federal Judge
Kenesaw M. Landis, yester-
day.
The judge was amused on
receiving a postal card on
which this sentiment was ex-

information as to when the
followers of baseball may ex-
pect the decision in the suit
filed by the Federal league
against organized baseball.

through neglect or
overwork I get run
down and my ap-
petite is poor and I
have that weak, lan-
guid, always tired
feeling, I get a bot-
tle of Lydia E. Pink-
ham's Vegetable
Compound, and it
builds me up, gives
me strength, and re-
stores me to perfect
health again. It is truly a great bless-
ing to women, and I cannot speak too
highly of it. I take pleasure in recom-
mending it to others."—Mrs. ANNIE
CAMERON, R.F.D., No. 1, Swan Creek,
Michigan.

Another Sufferer Relieved.
Hebron, Me.—"Before taking your
remedies I was all run down, discour-
aged and had female weakness. I took
Lydia E. Pinkham's Vegetable Com-
pound and used the Sanative Wash, and
find today that I am an entirely new
woman, ready and willing to do my
housework now, where before taking
your medicine it was a dread. I try to
impress upon the minds of all ailing
women I meet the benefits they can
derive from your medicines."—Mrs.
CHARLES ROWE, Kennebago, Maine.

If you want special advice

and held in strict confidence.

GOOD-BY—FAREWELL TO RHEUMATISM!

When your joints and muscles ache,
when there is a "crick in your back or
side" and you feel "all in," apply plenty
of Hoff's German Liniment, the famous
stainless, greaseless liniment, with a
refreshing odor. It's pure and white
as snow and it won't soil the finest
clothes.

For 18 years Hoff's German Liniment
has been the unequalled remedy for
Rheumatism, Lamé Back, Neuralgia,
Sore Throat, Cold on the Lungs, Cold in
the Head, Bruises, Sprains, Aching
Joints, Tired and Sore Feet. If directions
are followed it quickly relieves Colds,
Coughs, Croup, etc. It is powerful and
penetrating. Nothing like it in existence
for stopping pain. Is a pure white
emulsion of camphor cream with other
pure, harmless, effective ingredients. It
is fine for children because Hoff's keeps
pores closed—which camphorated oil
used alone would do—keeps colds out.
Sold in handy bottles by all druggists
—a quarter pint for a quarter; large
family size, fifty cents. Results ab-
solutely guaranteed, or druggist will re-
turn your money without argument.
Accept no substitute.

NO CONTRABAND WAS FOUND AND SHIP RELEASED

(Associated Press Telegram)
Rome, March 25.—Via Paris,
March 26.—A despatch from Genoa
says the steamer Finland, which was
accompanied there from Naples by
customs officials, who suspected the
cargo aboard contained contraband
of war, has been released after five
days' search as no contraband was
found.

A despatch from Naples on March
23, said that customs officials there
had discovered contraband ammuni-
tion on the Finland and that a thor-
ough search of the vessel would be
made after she arrived at Naples.
The Finland sailed from New York
Feb. 27 for Naples and Genoa, via
Gibraltar.

CONGRESSMEN ON INSPECTION TOURS OF PUBLIC WORKS

(Associated Press Telegram)
Washington, Mar. 26.—Many mem-
bers of congress, free from their tasks
at the capital, have started on tours
of inspection to places where the nation
is undertaking big constructive works.
A large party of senators and repre-
sentatives now are on their way to
Hawaii and five members of the house
appropriation committee are planning
a journey to reclamation projects in
the southwest.
Representative Gillett, of Massachu-
setts, expects to go with Former Sen-
ator Burton to Australia and New Zea-
land late in the summer while sev-
eral other members of both houses are
contemplating official or personal in-
spection trips.

50,000 ACRES FOR A GAME PRESERVE IN WEST VIRGINIA

(Associated Press Telegram)
Charleston, W. Va., March 26.—
J. A. Visqueusey, state forest, fish
and game warden and H. M. Lock-
ridge, in a deal closed yesterday, ob-
tained a thirty year lease from Col-
onel William Seymour on 50,000
acres of forest land in Randolph
and Pocahontas counties, which will
be converted into what is claimed
to be the largest game preserve in
the United States.
The tract contains bear, deer and
other wild game. It will also be
stocked with a herd of elk. The
state trout fishing streams in the
state are located in the preserve.
The purchasers of the lease are of-
ficers of organizations composed of
Ohio, West Virginia, New York and
Pennsylvania sportsmen.

FEDERAL OWNERS MEET TO RATIFY THEIR SCHEDULE

(Associated Press Telegram)
New York, March 26.—Federal
league club owners gathered here
today to ratify a playing schedule
and adjust disputes rising from the
transfer of players. Pending the leg-
al settlement of the controversy
over the Kansas City franchise, two
sets of schedules had been prepared,
one with Kansas City in the circuit
and the other without. The court
ruling which kept the Kansas City
franchise in Kansas City, however,
leaves the league free to adopt a
schedule without further delay.
Interest centered in the arrange-
ments for the transfer of the Indi-
anapolis club to Newark, N. J.

STRIKE BREAKERS IN STREET RIOT WITH 300 LONGSHOREMEN.

(Associated Press Telegram)
Tacoma, Wash., March 26.—Three
hundred striking longshoremen,
strikebreakers and sympathizers,
engaged in a riot on the principal
streets here last night. Several
shots were fired, but so far as
known, no one was wounded by the
bullets. Two men were cut with
razors and many were badly beaten.
The police used their night sticks
freely and arrested a score of men.
The riot was started by the police,
said by the animosity of strike sym-
pathizers against 50 non-union long-
shoremen who worked during the
day on a Japanese liner.

WAR TAX ON LOYZ.

(Associated Press Telegram)
Amsterdam, Via London, March
26.—A despatch from Berlin, print-
ed by the Telegraf, states that the
Russian city of Loz has been ordered
by the German military authori-
ties to pay a war tax of 500,000
rubles, (\$250,000).

HIGHEST SCORE EVER MADE AT A BOWLING MEET

(Associated Press Telegram)
Peoria, Ill., March 26.—Bowlers from Detroit, Indianapolis, Chicago, Cincinnati, Pekin, Ill., Pittsburgh, Washington, Pa. and Louisville, will compete today at the tournament of the American Bowling Congress.
The score of W. H. Pierce of Pueblo, Colo., who last night rolled 711, is the highest ever rolled in the singles at any A. B. C. tournament. Walter Cook of Philadelphia, with 697, is in second place. H. Allen and R. Allen of Detroit are leading in the doubles with a score of 1297.

KITE USED AS LIFE SAVER IN TEST BY INVENTOR.
(Associated Press Telegram)
San Francisco, March 26.—Kites were demonstrated as means of saving life yesterday, when Dr. F. W. Reihl, of Alameda, Calif., leaped from the deck of the battleship Oregon into San Francisco bay and was towed safely to Alcatraz Island, four miles from the anchorage of the war vessel, by a device of his invention. The test was made against a strong incoming tide, but the wind was favorable for the kites. Dr. Reihl is 73 years old.

POLICE RECOVER AN ART TREASURE STOLEN IN ITALY

(Associated Press Telegram)
Rome, March 25, via Paris, March 25.—Recovery by the police of a famous art treasure stolen from the parish church of Massa D'Albe, after it was destroyed by the earthquake in January, has disclosed also that the parish priest was murdered by his brother, according to advices from Avezzano.

The priest was slain, the authorities assert, by his brother, who suspected the ecclesiastic of being friendly with his wife. This man, it is asserted, found the clergyman living helpless under the rains, and killed him, with the assistance of friend, who then removed the art objects. An intercepted letter led to the discovery of the crime and all those suspected of being involved have been arrested.

AMERICA STRONGER IN FINANCIAL WAY SINCE WAR BEGAN

(Associated Press Telegram)
Pasadena, Calif., March 26.—"The war has given America a chance to see her financial house in order. That country is strongest, which has the fewest debts outside."

Thus did Jacob H. Schiff, financier of New York, who arrived here yesterday, indicate one of the benefits bestowed upon this country by the European conflict.

"We have become stronger since the great conflict broke out," he said, "because we have had opportunities to purchase many of our securities from the Europe holders at a low price."

"The war, I believe, will end in the autumn, but not because of an exhaustion of the belligerents' credit. Money, for the making of war never will be scarce, as long as there are printing presses."

Exportation of All Metals From Italy Forbidden

(Associated Press Telegram)
Rome, Mar. 25.—Via Paris, Mar. 25.—A local decree has been promulgated extending the prohibition of exports to include all metals, sulphate of aluminum, cement, stearine, paraffine, oil and all materials for tanning.

The Italian government on February 5, prohibited the exportation of all food stuffs except fruit, vegetables, milk and butter. The order included everything which might be used to feed cattle and other animals or poultry.

FEEL YOUNG! It's Dr. Edwards' Olive Tablets For You!

Beware of the habit of constipation. It develops from just a few constipated days, unless you take yourself in hand. Coat the faded low muscles back to normal action with Dr. Edwards' Olive Tablets, the substitute for calomel. Don't force them to unnatural action with severe medicines or be merely forcing out the intestines with nasty, sickening cathartics.

Dr. Edwards believes in gentleness, preference and Nature's assistance. Dr. Edwards' Olive Tablets open the bowels, their action is gentle, yet positive. There is never any pain or griping when Dr. Edwards' Olive Tablets are used. Just the kind of treatment old persons should have.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil, you will know them by their olive color. Take one or two occasionally and have no trouble with your liver, bowels or stomach. 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

Musicians' Union Banquets; President W. M. Morgan Given Diamond Pin as a Testimonial

The members of local union No. 122 A. F. of M., held their second annual banquet last evening in Assembly hall, and like the first affair, it was a success in every particular. The evening was passed in music, feasting and interesting talks, and during the course of the merry making, President W. M. Morgan was presented with a handsome diamond stick pin.

The banqueters began arriving at 5 o'clock and were taken in charge and made to feel at home by a committee headed by Col. Robert Dold, business manager of the Buckeye band. After passing a half hour in social intercourse all marched to the balcony where Caterer Emmet McDaniels had prepared eight tables which glistened with their snowy linen, glassware and silverware. Mr. W. M. Morgan, president of the local, was announced as toastmaster and at a signal from him all were seated.

During the serving of the several courses a program of music was rendered which was highly enjoyable. The first number was a euphonium solo by "Der Kaiser Dold," assisted by the band and they rendered "A Night in June" in a most excellent manner. This was followed by a vocal solo by Miss Emily Hamilton and that young woman certainly won new laurels by her rendition of a difficult number. She has a rich soprano voice over which she has perfect control and proved that she is entitled to rank with the best of professionals. Miss Tillie Jennings was next on the program, rendering a pretty song number. Miss Jennings has a sweet voice which she handles in a perfectly capable manner and her number was thoroughly enjoyed by all. Mr. Donald Kissane delighted all with a difficult violin solo. His work on this most difficult instrument is always pleasing and his auditors are always eager for more. Mrs. Altha Fields was the accompanist and she also rendered a pretty piano solo. Mr. Fields is a thorough musician and possesses the skillful touch and temperament of the true artist on the piano.

The following fine menu was served by Caterer McDaniels and his able corps of assistants:

Canape of Cavier
Soup
Consomme a la Suedoise Wafers
Champagne Punch
(au Rosebraugh dressing)
Roast Philadelphia Capon
Sweet Herb Dressing, a la Nutter
Snow Flake Potatoes a la Schmidt
Cranberry Jelly
Candied Yams French Peas in cases
Combination Sherbert au Fields
Hearts of Celery, a la Abbott
Young Onions au Lampton
Spring Radishes, a la Barber
Chilled New Potatoes, au Hawkins
Special Vintage, a la Lyonsmischell-
coyneandothers
Cheese Wafers, au Marsh
Chocolate Ice Cream Assorted Cakes
Cafe Noir a la Riggsotis
Favors Carnations

The tables were handsomely decorated with cut flowers in vases trimmed with small ferns, while candles were placed throughout the banquet hall. The head table was occupied by the toastmaster and guests, the theatrical managers of the city and the newspaper representatives. After the cigars had been passed Toastmaster Morgan arose and gave an excellent talk on the musicians' organization, its early history, progress, etc., the address being interspersed with witticisms that were thoroughly enjoyable and kept every one in good humor. He also told of the organization of the Buckeye band, how it started with fourteen members and the struggle it had for existence. He then referred touchingly to the one man, who more than all others was responsible for the excellent reputation which the band attained. Colonel Robert Dold. He told how "Bob's" enthusiasm, push and grit had carried the organization forward to the pinnacle of success. Bob not only devoted his talents but gave cheerfully of his financial means to keep up the interest in the Buckeye organization and as a consequence it has thrived for upwards of twenty years. It was also through Mr. Dold, Mr. Morgan stated, that the local A. F. of M. was organized and all appreciate his service in that direction for it has grown into a fine organization and its membership is fast climbing towards the hundred mark.

Mr. Morgan paid the members a number of handsome compliments for the interest which they have taken in their work of furthering the interests of everything musical in Newark. He spoke of the help extended by the theatrical managers and said they were to be commended for their courtesy and generosity in furnishing their houses with the best of music, that they employed many musicians and were always looking forward to improving the musical feature of their business. Mr. Morgan closed his most excellent address by thanking all for the splendid support which has been accorded him by the members in his conduct of office.

The toastmaster next introduced Col. Robert Dold as "The Kaiser Dold" and all responded "Hoch der Kaiser." Robert was much affected by the many fine compliments which he had just received but he managed to collect himself and surprised his fellow musicians and companions by a display of oratory and wit. They already knew that he was a fine musician but had no idea that he was a regular Chauncey Deyew when it came to post prandial oratory. Mr. Dold related many early reminiscences and told of a number of amusing occurrences that had happened the different members of the band. He then turned on the toastmaster and covered up scores of him with the most brilliant of such an extent that he had him blushing to

the roots of his hair. The speaker said that their union could boast of a president who was not only a union man at heart and in deed, but who preached it continually to his fellow men. Mr. Dold waxed eloquent as he told of the president's many good traits and then on behalf of the local union he presented him with a handsome diamond stick pin.

Toastmaster Morgan was much affected by the action of his fellow musicians and he assured them that it would ever be a lasting remembrance of their most pleasant associations.

Mrs. Harry Vogelmeier, Mrs. Altha Fields, Miss Tillie Jennings and Miss Emily Hamilton were all called upon and responded pleasantly telling of the benefits which they derived from membership in the local.

Fred Simpson responded to the toastmaster's request and gave an interesting short talk as did Ed Lyons and I. E. Marsh, the latter telling of his experiences on the road while being connected with different theatrical enterprises and circuses. E. A. Barber, one of the oldest members, told of the early struggles of the order and was followed by Fred Abbott, director of the Buckeye band, who made an excellent talk along the lines of organization. Otis Riggs also proved equal to the occasion by responding when called upon as did Harry Rosebraugh and others. Then came a saxophone solo by Paul Hawkins after which the visitors had their "turn at the bat."

Mr. John Gallagher, manager of the Gem and Lyric theatres, was the first. He said many nice things about the musicians and was followed along the same line by Manager Abe Thomas of the Grand, Joseph Bader of the Mazda, George Siebanoller of the Alhambra and Wm. Bailey of the Auditorium.

Mr. H. H. Scott of the American Tribune was next called upon and although disclaiming any ability as an orator made a pleasing speech full of excellent thoughts and complimenting the local upon its excellent organization and the hustling ability of its members. Mr. H. D. Hale of the Advocate closed the program by remarks along a similar line.

After a selection by the band Toastmaster Morgan thanked the caterer, Mr. Emmet McDaniels, for his splendid service and menu and that gentleman responded in a neat little talk praising the members of the local union for their interest in every thing musical.

The banquet was brought to a close by the following toast proposed by Mr. Morgan: "Long may we live and happy may we be."

At the next banquet we hope you all to see.

The musicians of the city are organizing a club and will soon have handsome quarters which will be kept open day and night. The movement has taken quite an impetus and will be carried to a successful conclusion.

State News

Fred Cantwell, Cosmocton shoe merchant, reprimanded a drunk for insulting women and was compelled to administer a thrashing before the police arrived to take charge of the man.

Alex and Hubert Lindsey, held at Mt. Vernon for grand larceny, pleaded guilty and were sentenced to the penitentiary. Alex Lindsey was arrested in Newark for theft of hides at Mt. Vernon.

Zanesville police arrested Harvey Gux and Charles Johnson in a raid on an opium joint. Opium worth \$30 and two pipes with other dope smoking equipment were secured in the raid.

Mrs. Kate Simpson, 91, mother of Thos. H. Simpson, millionaire iron manufacturer at Detroit, died at McConnellsville.

Returning from the funeral of her husband, Mrs. Wm. Sayre of Caldwell was thrown from a carriage and is said to be fatally injured.

Dr. Alva Richards, 74, of New Lexington, died Wednesday from a stroke of paralysis sustained two years ago.

Coshocton saloonists have asked council to extend the closing hours to 11 o'clock instead of 10 p. m.

Coshocton Ellis have postponed indefinitely their minstrel show which was to have been given April 3 and 4. "The time is inopportune because of adverse business conditions," was the reason assigned.

Washington C. H. firm has an order for 199,699 shovel handles for trench work from the British government.

PAPE'S DIAPEPSIN FOR INDIGESTION OR BAD STOMACH

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gasses and studds lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes all stomach misery vanish in five minutes.

If your stomach is in continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.

CAR FOR BELGIUM TO BE FORWARDED LAST OF THIS WEEK

O. K. Shimansky, secretary of the Ohio Commission for Relief of Belgian war sufferers, has forwarded to the Advocate a copy of a letter sent him by Linden W. Bates, which is self-explanatory. The letter reads as follows:

Dear Sir:—We are pleased to advise you that car shipped from Newark, Ohio, via B. & O. 60,000 pounds of provisions, car received from Circleville, Ohio, containing 37,000 pounds of provisions, and shipment made from Mansfield, Ohio, via Erie have been received at Bush Terminal, and will be forwarded to Belgium for distribution on the steamship "Naneric," sailing the latter part of this week.

These three donations are very liberal ones indeed, and we assure you that they can be used to excellent advantage by the unfortunate Belgians.

In behalf of the Commission, I again wish to extend to you and your organization its sincere thanks for the generous assistance you have given in this humanitarian work. If every one whom we were in touch with, co-operated with us as excellently and liberally as your organization has, we would indeed have very little difficulty in providing the Belgians with the necessities of life sufficient for their needs.

Will you kindly extend the sentiments of this letter to all those who have assisted you in this work. Very sincerely,
LENDEN W. BATES,
Vice-Chairman.

CONDITIONS IN LATIN-AMERICA ARE IMPROVING

(Associated Press Telegram.)
Washington, March 26.—Commercial and financial conditions in many of the Latin-American countries show encouraging improvement, the Pan-American Union announced, after an analysis from domestic sources and the southern republics. While some American manufacturers reported no increases in orders and some of the countries were not increasing their purchases, yet it was declared the general trend was forward, instead of stationary or backward.

Exports from New York to Argentina, the statement said, increased in February from \$1,142,901 to \$2,049,871, and to Brazil from \$1,782,656 to \$2,018,601.

"Careful investigation of the articles exported," says the statement, "shows that a large percentage of them are manufactured products that formerly were purchased by South America mostly in Great Britain, Germany and France."

The Impression He Makes.
How true it is that the child is father of the man! Whenever a man comes in here, for instance, and begins to boast how powerful and important he is in the community, if not the state, the nation and the world at large, our memory goes back to the days of our innocent childhood when we boys used to assure one another that we spat nickels and maybe an occasional dime, though really we didn't at all.—Columbus Journal.

RHEUMATISM A MYSTERY

Some diseases give immunity from another attack but rheumatism works just the other way.

Every attack of rheumatism invites another. Worse than that it reduces the body's power so that each attack is worse than the one before.

If any disease needs curing early it is rheumatism but there is almost no disease which physicians find more difficult to treat successfully. When a medicine does help rheumatism nobody knows how or why it does it.

All authorities agree that the blood becomes thin with alarming rapidity as rheumatism develops. Maintaining the quality of the blood therefore is a reasonable way of preventing and combating rheumatism. That it works out in fact is shown by the beneficial results in the treatment of rheumatism, acute, chronic and articular, with the blood tonic, Dr. Williams' Pink Pills.

That hundreds who take Dr. Williams' Pink Pills for their rheumatism get well is a fact beyond dispute. That the rheumatism does not return as long as the blood is kept rich and red is equally true.

Write the Dr. Williams Medicine Co., Schenectady, N. Y., for the free pamphlet "Building Up the Blood" and kindly mention this paper. Your own druggist sells Dr. Williams' Pink Pills.

EASTER CAKES ARE
NOW FORBIDDEN TO
BEHOLD HOUSEWIVES.
(Associated Press Telegram.)
Berlin, Via London, March 26.—Additional restrictions have been placed by the authorities upon bakers and housewives in Berlin, who now have been forbidden to bake cakes which require the use of yeast or similar preparations. The baking in homes of any cakes whatever between March 25 and April 12 also has been forbidden. The latter order is designed to check the consumption of flour for Easter cakes.

The former regulation limiting to ten per cent of the total weight the amount of flour which may be used in cakes not under the official ban remains in force.

The baking of cakes also has been forbidden in private households in the Duchy of Anhalt.

THIN PEOPLE CAN INCREASE WEIGHT

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues and blood—prepares it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops the waste and does it quickly and makes the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive. Evans' drug store and other leading druggists in Newark and vicinity sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back.

Sore Throat or Mouth.

You must keep the throat and mouth clean and healthy. Any disease that attacks the canal through which must pass the food we eat, the beverages we drink and the very air we breathe is a serious matter. Why neglect Sore Throat or Sore Mouth when TONSILINE is so easy for you to get relief?

TONSILINE is the remedy specially prepared for the purpose. TONSILINE does its duty— you can depend upon it. Keep a bottle in the house—where you can get it quick when needed. 25c and 50c. Hospital Size \$1.00. All Druggists.

A tree-ripened Florida Grapefruit is a Breakfast in itself.

Florida grapefruit is all nourishment—the kind of wholesome food-drink that supplies energy for young and old. The juice from one of these large and mellow globes is a breakfast in itself—it will tone the system and make you fit for the day. In thousands of homes, tree-ripened Florida grapefruit are served to each member of the family. Grapefruit is a delicious tonic for jaded nerves, keeps the muscles toned and tingling and the eyes clear and gleaming.

Grapefruit That is Fully Ripe

Only tree-ripened grapefruit are good. The Florida Citrus Exchange is a co-operative non-profit making association of grove owners, who are pledged to leave their fruit on the trees until it is wholly ripened. When you buy grapefruit with the red mark of the Exchange on the boxes and wrappers you may know that it is ripe, juicy and full flavored—worth all it costs.

Fruit Untouched by Human Hands

In the groves and packing houses of the members of the Florida Citrus Exchange no hands touch the fruit. It is picked, packed and shipped by white gloved workers. No child labor is employed in any Exchange packing house. Florida's oranges are of the same surpassing quality as her grapefruit—juicy, sweet and spicy beyond comparison. Try them this season.

Stores in almost every community sell Florida Citrus Exchange fruit in season. Your dealer will get this fruit for you if you insist that he do so.

Drink the Juice of These Real Oranges

Booklet telling many ways to use oranges and grapefruit mailed for 4 cents in stamps. Address, Florida Citrus Exchange, 628 Citizens Bank Bldg., Tampa, Florida.

ROMANTIC

CAREER OF SAILOR, AUTHOR, JEWELER AND INVENTOR IS ENDED BY DEATH.

Morgan Robertson, Improved Submarine Periscope, But Died in Comparative Poverty.

New York, Mar. 26.—The late Morgan Robertson, who was found dead in his room in a hotel in Atlantic City Wednesday night, had a romantic career as a sailor, author, jeweler and inventor of a submarine periscope. He was one of the most prolific writers of short sea stories that America has produced. Running away from his home in Oswego, N. Y., when 16 years old, he shipped as a cabin boy and made two voyages around the world, occupying in the next ten years nearly every post, on shipboard.

Returning to America, he made his home in New York and became a watchmaker and diamond setter, but after two years in which he said he was "almost constantly broke," he began to write his sea stories, which have been familiar to all readers of periodicals for 20 years. Although he wrote more than 200 stories, which have been published in 14 volumes, he recently asserted in an unsigned autobiography that he had been reduced to straitened circumstances. Friends were making an attempt to aid him at the time of his death.

Developing the idea of the writing a story, Mr. Robertson invented in 1905 an improved periscope for submarines, which was purchased by a builder of such craft. His studio in this city was fitted like a ship's cabin.

Mr. Robertson was 54 years old. Among the best known of his stories are "Sinful Peck," "Finnegan" and "Futility."

ARMY TRANSPORTS OPEN HATCHES FOR FREIGHT TRAFFIC

(ASSOCIATED PRESS TELEGRAM)
San Francisco, March 26. — Army transports operating out of San Francisco which are to open their hatches to commercial freight will have about 3000 tons space each available, government officials have estimated.

Such shipments recently were authorized by the war department and officials here, acting in conjunction with Washington, have begun the work of putting the plan into effect.

It is not the intention, officials said, to compete with commercial steamship lines, as only freight that cannot be handled by such companies because of the scarcity of vessels plying between this point and the Philippine Islands will be taken by the transport service.

NEW PARK FOR EVANSVILLE WHEN SEASON OPENS

(ASSOCIATED PRESS TELEGRAM)
Evansville, Ind., March 25.—With 22 players signed, including seven who were members of the 1914 team the Evansville Central League baseball club is ready to start the practice season for 1915 on March 31, the day set for reporting. In addition to the players already under contract, President Harry Stahlheiser is after an experienced infielder and another experienced pitcher, if some of the youngsters fail to make good.

Work is being pushed on the new athletic stadium here and by July 1 the Evansville ball club will be housed in one of the finest minor league parks in the country.

Until the new grounds are completed, the team will use the old Central League park. Among the pitchers signed for a tryout is Chas. Fittory, a brother of Paul Fittory, the left-hander Evansville sold to Cincinnati last season.

SILK TRAFFIC IN AMERICA IS NOT SUFFERING

(ASSOCIATED PRESS TELEGRAM)
New York, March 26. — Ramsay Peunget, secretary of the Silk Association of America, said at the annual meeting of that association here Thursday, that in spite of the extraordinary conditions resulting from the war, the condition of the trade in America is much better than had been predicted. Lyons and St. Etienne, in France, and Crefeld and Elberfeld, in Germany, are not in the area of military operations, he said.

The disturbance of credits due to the war, Mr. Peunget said, had gradually adjusted itself and the supplies of raw material were coming in normally. "Nevertheless," he added, "merchandise sacrificed at a low price by the warring nations has had a most depressing effect upon prices in this market."

500 CHICAGOANS HAVE NOT MADE INCOME RETURNS

(ASSOCIATED PRESS TELEGRAM)
Chicago, Mar. 25.—There are 500 Chicagoans with incomes ranging from \$5000 to \$100,000 who have failed to make returns on their incomes as required by law, according to a statement by Charles J. Cline, United States district attorney.

"The records show," Mr. Cline said today, "that last year one-third of all the income tax collected in this country was derived from the island of Manhattan. I am determined that Chicago shall make a good showing. I will prosecute the violators of this law."

Now We March Forward Into The Spring Of Our Sixth Year

Five years ago we opened our Newark store and started an innovation in Clothes Values that set the whole town to talking — until, today, "Cornell" and "Greater Values" are synonymous terms. The accomplishment of a great house that has never sounded retreat from the ideals of "GREATER VALUE GIVING."

In recognition of the generous patronage we have enjoyed, we extend our hearty thanks.

29 SOUTH PARK

EVERY CHAMPION NOW IN COLLEGE ENTERED IN MEET

(ASSOCIATED PRESS TELEGRAM)
Philadelphia, March 26. — Every intercollegiate champion now in college has entered in the University of Pennsylvania relay races and special sports to be held here on April 23 and 24, according to an announcement made by the university athletic authorities.

Meredith, Pennsylvania, winner of the quarter mile championship; Spieden, Cornell, mile champion, and Hoffmire, Cornell, the winner of the two miles, will be in their respective relay races. Braun, Dartmouth, the high hurdle champion, will run in that event, while Ferguson, Pennsylv-

ania, the low hurdle champion, will be seen either in the low hurdles or in one of Pennsylvania's relay teams. Beauty, Columbia, the winner of the shot put; Oler, Yale, the winner of the high jump, and Nordell, Dartmouth, in the broad jump, the other champions now in college, will be in those events at the relay races.

The real feature of the presence of these men will be in their meeting the best athletes of the middle west and of the Pacific slope. Baranek, Chicago, the Western Conference intercollegiate champion, will be in the 100-yards dash, as well as Drew of the University of Southern California. The latter is the holder of the world's record at 9 3-5 seconds. He has a wonderful record of having beaten ten seconds for the 100 yards on 18 different occasions.

The eastern hurdle men will find themselves opposed by Kelly, Southern California, the Olympic champion and the world's record holder.

Ward of Chicago, who was second to Kelly last year at the relay races, and Cronley of Virginia, with a 15 2-5 seconds record, are other men who will oppose Braun of Dartmouth.

The field events will also find the present champions opposed by some of the very best men in America. Oler of Yale, the present champion of the high jump, will meet Richards of Cornell, the Olympic champion. There will also be four or five other men in the high jump who have done over six feet.

Argentina Wheat.

In four weeks ending March 13 Argentina exported 15,249,000 bushels of wheat, and the season's surplus for export is rather over than under 100,000,000 bushels. These are important facts to keep in mind while apprehending a shortage of our own grain supplies before July 1.—Philadelphia Record.

CLEVER RUSE OF BOOTLEGGERS TO TRANSPORT BOOZE

(ASSOCIATED PRESS TELEGRAM)
Fairmont, W. Va., March 26.—Representing that their wagon was loaded with nitro-glycerine, bootleggers succeeded in hauling a load of liquor from Oakland, Md., to Grafton, W. Va., without being arrested for violating the state's liquor law. Drivers of passing teams stood nearly paralyzed with fear as the outfit passed with its reckless driver bouncing about on the seat, whipping the horses and with the wheels thundering over the rocks. He did not stop until he had arrived at a coal mine near Grafton where twenty gallons of liquor on board were quickly disposed of. The driver then sold the team and wagon.

Introducing To the People of Newark and Vicinity A New Trade Mark

A Trade Mark is valuable to the buyer and to the seller when it stands for something DEFINITE and something of QUALITY.

The Trade Mark *Red White and Blue* stands for a line of remedies in which the best materials are combined in the most efficient way in formulas of PROVEN merit.

It stands for remedies that are "GIANTS OF QUALITY."

It stands for remedies, each of which is recommended for a DIFFERENT ailment; the recommendation is plainly printed on each package so that you can, with our dealer's aid, find the one you need.

It stands for remedies for which no fictitious claims are made, and behind which is our absolute GUARANTEE of SATISFACTION or MONEY REFUNDED.

It stands for druggists who measure up to a high moral standard, both personally and professionally, and who are prepared and willing to render you a service second to none.

In your town it stands for

Red White and Blue

Newark Bottle Factory Finds It Much Better To Its Buy Electricity

After Operating Electric Plant Several Years Company Contracts With Ohio Light and Power Company for Current—Object Lesson for Newark Taxpayers.

Editor of The Advocate:

Some high points in the interview with Mr. Carl Dayton, superintendent of the American Bottle Company:

"The American Bottle Company is today expending \$25,000 for the privilege of buying electricity from the Ohio Light and Power Company and in addition is junking machinery worth many thousands of dollars," said Mr. Dayton.

"The American Bottle Company is not abandoning its electric light plant because of any special regard for the Ohio Light and Power Company, but simply because it has been found to be good business to do so," also said Mr. Dayton.

"It has been demonstrated that the Ohio Light and Power Company can sell electricity to us cheaper than our company can produce it."

The American Bottle Company uses approximately 30,000 tons of coal a year in generating electricity. The city will use 5,000 tons.

The American Bottle Company has operated its electric lighting plant 24 hours a day not 6, 8 or 10 hours a day.

Why quote from Australia, Canada, Germany and Scotland when we have a big industrial corporation in our own city using six times as much fuel as Newark will use, generating ten times more current than Newark will use, a company that is operated on sound business principles and is proof in itself of its splendid management, discarding a plant worth \$150,000 and expending \$25,000 to equip itself to purchase current, and all because it is good business to do so. This is an object lesson for the tax payers and home owners of Newark.

Capt. A. H. Heisey Favors Purchase of Electricity And Gives Some Good Reasons

Editor of The Advocate:—I have been solicited by quite a few of my friends, both personally and by mail to give them my views covering the electric light question.

Before I give an opinion at all, I want to put myself on record to the effect that I do not own one share of capital stock of the Ohio Light & Power Company, nor am I directly or indirectly interested in it.

I have carefully examined the matter presented by both sides, for and against the bond issue, and after a careful analysis, I have concluded that the city will save thousands of dollars by purchasing their light.

As a rule the estimates originally submitted for the cost of Municipal plants, do not cover the actual cost incurred. And further, with few exceptions, the men who are put in charge politically, are not employed for their ability or capacity, but for their ability to deliver the goods at the polls. While with private corporations, the positions of the men in charge depend strictly on their ability to so manage as to minimize the cost of production.

I would, therefore, recommend the purchasing of current, because we would know exactly what the cost will be, instead of taking any chances in installing a plant, the ultimate cost of which is still unknown. Necessarily, the cost of the electricity will depend on the capacity and management of the plant.

The fixed charges of a large plant like the Ohio Light & Power Company, are minimized, compared with a small plant. This makes it possible for a large plant to sell its product at what it would cost a small plant to produce, and still make money. This is conclusively shown by the action of the American Bottle Company in purchasing its power from the Ohio Light & Power Company at a less price than it has been possible for them to produce, who are abandoning a plant whose capacity (estimated) is three times as great as the plant the city proposes to install. It necessarily follows that a plant with three times the capacity, could make electricity at a less price than a plant of one-third the capacity.

It should be borne in mind that the property owners will be compelled to pay, first the bonds, and then the interest thereon in taxes, while the man who rents his home, will have to pay higher rent, because the increase of the bonded indebtedness will necessarily increase the rental cost, and if he for a moment thinks that by issuing of bonds he will not be compelled to pay his proportion, he is wrong.

I would like further to call the attention of the public to the fact that our Board of Trade is soliciting manufacturing plants to locate in Newark. On the other hand, the

people by voting to increase the bonded indebtedness, are increasing the taxes to such a point, that would deter any manufacturer of standing from locating here.

A. H. HEISEY.

Society

The Alpha Sewing Circle was organized at the home of Mrs. Charles Martin with the following names enrolled: Mrs. Charles D. Martin, Mrs. Harry Toothacher, Mrs. J. O. Jones, Mrs. A. L. Ferguson, Mrs. L. V. Billman, Mrs. W. C. Barnett, Mrs. William Keckley, Mrs. Ora Warrington, Mrs. T. M. Brooks, Mrs. F. W. Wable, Mrs. W. E. Laird. The meeting was held at the home of Mrs. Harry Toothacher, the afternoon being spent in sewing and some choice music was enjoyed. Mrs. Toothacher was assisted by Ruth Stewart and Marie Martin in serving a choice repast. The guests were Mrs. Frank Toothacher, Mrs. B. Warrington, Mrs. Wilkins, Mrs. Neighbor.

On Wednesday afternoon, March 24, Misses Mac and Nell Davy were the hostesses to the Coterie club at their home in Kierksville. The afternoon was taken up mainly with a business session. The election of officers resulted as follows: President, Mrs. M. M. Chaffin; vice president, Mrs. K. C. White; secretary, Mrs. J. C. Bailey; treasurer, Mrs. B. W. Stout. After delicious refreshments were served by the hostesses, the club adjourned. The next meeting will be with Mrs. K. C. White on April 7.

Mr. and Mrs. Theodore Taylor of Eddy street, are entertaining with a six o'clock dinner this evening.

Mrs. Willis Reuter entertained the members of the Colonial Sewing Circle on Wednesday afternoon at her home in Hanover. The hours were devoted to needlework and luncheon of delightful appointments was served the members and following guests: Mrs. Hamilton, Mrs. J. C. Rector and Miss Frances Rector. The next meeting will be at the home of Mrs. Rollin Jones in 32 North First street on April 7.

The bi-weekly meeting of the Sunshine club was held Thursday at the home of Mrs. Clyde Garrison in German street. This session was in the form of a winter picnic, and in its novelty was a distinct success. The ladies assembled in the morning, and an appropriate lunch was served at noon with all the picnic embellishments. In a spirited contest Mrs. Paul H. Ziegfeld was awarded the honors.

Personal

Mr. D. M. Gay of Buckingham street just received word of the death of his brother, Samuel Gay, of Zanesville.

Mrs. Margaret McFadden had for Sunday guests Mr. and Mrs. Clyde Butler and little daughter Juanita of Homer and Mr. and Mrs. Homer McFadden of Utica.

The following out of town friends attended the funeral of the late Mrs. George N. Lane, Thursday: Messrs. James Buchanan, John C. Dulon and Alfred Kelley, commissioners of Muskingum county; Mr. Fred C. Werner, clerk of county commissioners; and Mr. Walter Bohn, all of Zanesville; Mr. and Mrs. C. H. Hardman of New Concord; Mr. Richard Shutt, Mr. John Lane, Mr. and Mrs. C. G. Streams, Mrs. Daniel Mumaw, and Mrs. L. P. Schaus, all of Mt. Vernon; Mrs. W. H. Coff of Broadway, O.; Mr. and Mrs. F. Gower of Uhrichville, and Mr. L. F. Mumaw of Akron.

Harold Brennan has returned from a week's business trip to Cleveland.

Mr. and Mrs. Harding of Cleveland are in the city, having been called here to attend the funeral of Mrs. Harding's sister, Miss Elizabeth Burns.

Mr. and Mrs. J. W. Davidson entertained at their home in Elmwood avenue on Thursday evening, Mrs. Chas. Fisk and Mr. G. W. Chapin of east of Newark.

Mr. and Mrs. Arthur Davidson who have been visiting Mr. and Mrs. J. W. Davidson, have returned to their home in Frazzysburg.

Mrs. B. L. Jackson and daughter, Miss Bernice, of East Church street, are spending the day in Columbus.

Ben Goldman of New York City is a business visitor in Newark today.

Miss Minnie Dold, who recently underwent an operation at the Good Samaritan Hospital, at Zanesville, is recovering rapidly at her home in North Fourth street.

Mr. John Hiney of East Main street leaves tonight for a two weeks' visit with his aunt, Mrs. E. W. Murphy, of St. Louis, Mo.

Mrs. Jack Adrian of Pittsburg is the guest of her father, David Laughery in East Main street.

Dr. W. E. Lewis of Cincinnati, who has been visiting at the home of his son, Dr. William Howard Lewis, in Wyoming street, returned home today.

R. A. Perks of Springfield, is registered at the Sherwood Hotel for a few days.

Fish and Game Association Com. Had Meeting Today

The Licking County Fish and Game association executive committee met in the assembly room of the Park bank today and accepted the resignation of E. V. Patamore as secretary, naming E. V. Renfrew to fill the vacancy. The matter of pollution of the streams of the county was also discussed and some action will be taken on the matter at once, a committee consisting of Attorney A. A. Stasel, H. H. Shauk and Henry Cochran being named to look after it. A great deal of fish are yet to be planted in the streams of the county and it is desired to secure the co-operation of the farmers in learning desirable localities in which to place them. They will confer a favor by notifying the secretary of the association at once.

Dragoljub Jeliditch, age 12, is a soldier in the Serbian army.

Obituary

John Hamilton Smith.
John Hamilton Smith, son of Benjamin and Phoebe Smith, was born near Mt. Vernon, Ohio, Aug. 18, 1830, and died at his home in Burlington township, March 23, 1915, aged 84 years, 7 months and 5 days. The deceased spent the earlier years of his life at his birthplace. In 1854 he was married to Mary Burris of Utica, to which union were born four children, Frank, Charles, Walter and Clarence. Of these Frank, Walter and Clarence together with the mother passed into the great beyond in early life.

In 1870 he was married to Mary L. Simmons, of near Homer, with whom he has since lived. To this second union were born three children, Leroy, Berton and Clinton, all of whom survive.

At the early age of 13 the deceased became a member of the M. E. church in which relationship he remained throughout the rest of his life. In early manhood he joined the Masonic fraternity, and at the time of his death was one of the oldest Masons in Ohio.

At various times he has lived near Mt. Vernon; at Boonesboro, Iowa; at Mt. Liberty and near Homer. He leaves to mourn his death a widow, Mary L. Smith; four sons, Charles and Leroy of Newark, and Berton and Clinton of Utica; 16 grandchildren; 14 great grand children and many friends.

Funeral services were held at the home Thursday morning at 10 o'clock, the Rev. Mr. Carpenter of Homer officiating. After a brief sermon the service was placed in charge of No. 291 F. & A. M. order of Utica, of which body the deceased had been a member for over 64 years. Interment was made in the Simmons cemetery.

Those attending from a distance were: Leroy and Warner Simmons of Columbus; Mr. and Mrs. Moses Smith of Monroe Mills; J. D. Smoot of Fredericktown; Mrs. Ada Martin, Mr. and Mrs. John Bumpus and two sons of Mt. Vernon; Mr. and Mrs. Willis Shipley of Granville, and Mr. Delbert Smith of Orville.

Jennie V. Rice Lane.

Jennie V. Rice was born May 22, 1869, on a farm in Knox county, O., near Martinsburg. She passed the early days of her girlhood on the farm where born, and received an education in the public schools. She was united in marriage to George N. Lane on the 3rd day of July, 1890, and to this union were born two children: Mrs. Helen Lane Garrity and Francis Lane.

Mrs. Lane was a woman devoted to her home and worked arduously to make her home cheerful and comfortable for her family, and her relatives and friends were always received with a cordial welcome which was true from the heart.

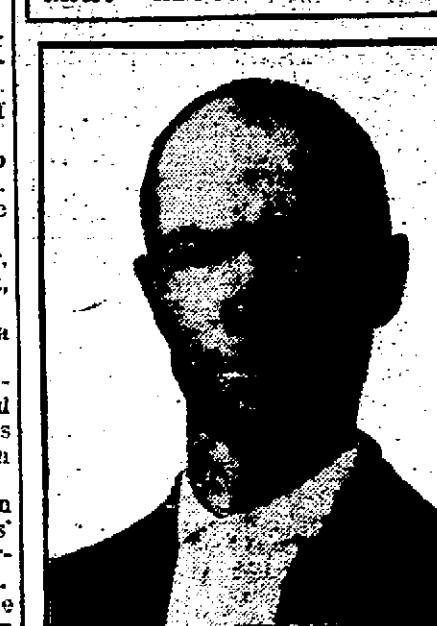

Away from home Mrs. Lane was reserved in her conduct which at ways won the admiration of those who idolized a strong womanly character which respects the devotion of a loving wife and mother.

Mrs. Lane always sympathized with those in distress and felt it a sense of Christian duty to succor the oppressed and bind the wounds of the stricken so far as her feeble hands were capable.

No friend or neighbor ever suffered in sickness for the want of care or consolation for Mrs. Lane was there; and when the hand of pain and suffering reached forth and seized her, the good which she had done and the kindly services she had performed, were evidenced by neighborly manifestations of help and sympathy.

Mrs. Lane acknowledged her faith

PRONOUNCED INCURABLE MAN RECOVERS HEALTH

FRED MAYER

Another story of the wonderful merits of Nature's Creation is told by Fred Mayer, 1211 Mulberry street, Indianapolis, Ind., who was saved from what seemed certain death by this remedy.

"I began my trouble when I had typhoid fever which left my stomach in an awful condition. I was unable to eat and my blood was impure. I had catarrhs, poor circulation, catarrh, hemorrhage of the bowels and general weakness. I treated with various medicines but the condition was hopeless and incurable. They said it was not necessary for me to take any medicine. A friend of mine, Harry Cuykendall, who had been cured by Nature's Creation, told me about the medicine and I decided to try it. After taking seven bottles I was completely cured, and gained 20 pounds. I am enjoying good health and thank Nature's Creation for curing me. I think it is a wonderful medicine."

This is by no means an unusual success for Nature's Creation, which is bringing cases of tuberculosis and the conditions which lead to it—such as asthma, bronchitis, catarrh, impure blood and run-down system. Write for a copy of our treatise, "Truth about Catarrhs," which we will gladly furnish. Write for a copy of our treatise, "Truth about Catarrhs," which we will gladly furnish. Write for a copy of our treatise, "Truth about Catarrhs," which we will gladly furnish.

GOOD OUTLOOK FOR IMPROVING CT. HOUSE PARK

Council Clerk Woodward today served notices on equidistant that a special meeting of the city council will be held next Monday evening to take action on the matter of beautifying the court house park. It is understood that the committee appointed to confer with the county commissioners secured an agreement with the commissioners to spend \$500 on the park if the city would spend a like sum. Council members at the last meeting were almost unanimously in sympathy with the proposed improvement and it is believed that money for the improvement will be provided for by special legislation.

Mrs. Orodine Drake.
Mrs. Orodine Drake, 83 years old, widow of McKinley Drake, died Thursday afternoon at the home of her daughter, Mrs. U. G. Brillhart, Locust and Eleventh streets, after an illness of about two months of infirmities. Her death marks the passing of the last of her immediate family, her brothers and sisters all having preceded her in death.

Mrs. Drake was born in Chestnut Ridge vicinity, Southeastern Knox county, Oct. 7, 1831. She has resided practically all her life in Knox, Coshocton and Licking counties. She was twice married, her first husband being Lusk Severns.

She is survived by three daughters, Mrs. Brillhart, Mrs. Frank Wright of Warsaw and Mrs. Sarah Workman of Columbus. She has made her home with Mrs. Brillhart for more than 12 years. For a number of years she has been invalid, due to a diseased ankle joint and though compelled to spend her days in a chair, she bore her suffering patiently and always maintained a cheerful view of life. She was possessed of all her faculties up to a few hours before her death. She was a devout woman, having been affiliated with the Methodist church for more than 70 years.

The body will be taken to Warsaw, Coshocton county, Saturday afternoon at 11:10 o'clock via the Pennsylvania lines. Funeral services will be held at Warsaw Sunday morning at 10 o'clock. Burial at Warsaw.

Mrs. Donnelly's Funeral.
The funeral services for the late Mrs. Lillian Rowe Donnelly, will take place from the undertaking parlors of T. A. Bazler, at 2 o'clock Saturday afternoon, Rev. G. Thomas Haller officiating.

Mrs. J. F. Stack's Funeral.
The funeral of Mrs. J. F. Stack, who died suddenly Thursday morning at her home in Gravelly street, will be held Sunday afternoon at 2:30 o'clock, Rev. C. H. Stull of the Fifth street Baptist Church officiating. Burial at Cedar Hill cemetery.

Card of Thanks.
I desire to thank the friends and neighbors who so kindly assisted me during the illness and death of my beloved mother. I also wish to thank Rev. Mr. Ward for his words of comfort, the choir for the music, and the beautiful floral offerings, and to Criss Brothers for their kindness. I also wish to thank Dr. Shrouts for his kindness. Mrs. Ella Pinney. 11

Card of Thanks.
We wish to express our thanks for and appreciation of the many acts of kindness done during the illness and recent death of our husband and father. Particularly do we appreciate the services of Rev. Mr. Carpenter who spoke such consoling words; of Mrs. C. W. French and Miss Letha Cummins for their staging of the Utica teachers and pupils of the High School and of the Union school grammar grades for the beautiful floral offerings; of the Masonic order for being present in such large numbers in spite of the bad weather; and of the neighbors and friends who did all in their power to assist in every way. Wife and Sons. 26-11

NEW REAL ESTATE FIRM IS ORGANIZED

The firm of E. M. Baugher and Charles C. McGruder, which has been carrying on a real estate business in the city was formally incorporated on Thursday in Columbus and will be known as the "E. M. Baugher & Co. McGruder" and "Hattie B. Holman."

NEWS IN BRIEF

Mrs. De Marini Here.
Mrs. Antonio De Marini, whose husband was arrested at Cincinnati early this week, arrived in Newark Thursday, and is at the home of her father in South Fifth street. De Marini is still confined to the jail in Cincinnati.

Prayer Meeting.
The Union Cottage Prayer meeting will be held at the home of Mrs. Alexander, 225 West Main street, this evening at 7:30. Everybody invited.

THE SICK

Granville

(Special to Advocate.)

Granville, March 26.—Miss Gayle Ingraham Smith and Miss Fannie Judson Ferrar were greeted by an audience of enthusiastic music lovers last evening at their sonata-recital in Recital Hall. Both artists have won a high place in the estimation of the Granville public for their conscientious and artistic rendering of musical masterpieces. Last evening they were equal to the demands of the two numbers presented, and each received a certain call and a beautiful floral tribute. From Beethoven to Strauss! Almost from Alpha to Omega in music—or at least almost to the Omega of the present—on the same program! A great deal of nonsense and romance have accumulated about the first sonata played last evening, the title being at present attached to a moving picture film showing in Columbus—dramatized from one of Tolstoy's novels—but Beethoven had no ideas further than what the music evidently says. The musical story was indeed well told last night by Miss Smith and Miss Ferrar. The piano plays an important part in the general ensemble and the pianist deserved equal credit with the violinist in its successful performance. The Strauss sonata, written when Strauss was a young man is not dissonantly modern but on the other hand contains many wonderfully beautiful melodies, such as Strauss can always write when so minded. Technically difficult his music always is, but difficulties seemed to vanish under the facile fingers of the two performers, who played with a sympathetic oneness or expression through the three movements. Below is the program:

Ludwig von Beethoven—Sonata for Violin and Piano, Op. 47, A-Major
Adagio sostenuto, Presto
Andante con Variazioni I, II, III, IV.
Finale, Presto
Richard Strauss—Sonata for Violin and Piano, Op. 10 E-flat Major
Allegro, ma non troppo
Improvisation, Andante cantabile
Finale, Andante, Allegro.
Music lovers to whom even the rustling of a program at a musical performance is a heinous offense against the unwritten law of good breeding, sometimes wonder why those who prefer conversation to music, should have been proclaimed as the last word in classical expression! Messrs. H. J. Glover and Thomas G. Chapman of Lorain, O., were in Granville this week unloading four car loads of tools and machinery and one car load of sewer pipe. This firm recently received the contract for putting in the sewer for the village and intends to crowd the work as fast as possible. They will start on Monday with one ditching machine, near the corner of Pearl and Broadway, and work west on Broadway, later putting a second machine to work. Property owners should notify the contractor of their wishes in regard to connections before the work on the sewer. sewer shall have progressed beyond the house, notifying the inspector of the exact position at which the connections should be made.

Prof. V. H. Hoppe, head of the public speaking department of Denison University, is booked for a dramatic recital of Booth Tarkington's popular "The Man from Home" in Gambier this evening. Mr. Hoppe is making a name for himself upon the Chautauqua platform, and lovers of good drama will have a treat offered them in this recital. It is the fourth number of the Lyceum course of the public schools and will be given in the High school auditorium at Gambier on Friday evening at 8 o'clock.—Mt. Vernon Republican-News.

On next Sunday evening the choir of the Baptist church under the direction of Dean Eschman, will give an Easter Cantata, "Death and Life" by Harry Rowe Shelley for solo voices, chorus and organ. This will be preceded by an organ prelude, an arrangement of Liszt's Symphonic Poem, "Les Preludes."

Mr. Fred Buxton has returned home from a visit with friends in Mt. Gilead.

Mr. and Mrs. E. A. Smoots, who have in California all winter, have returned to their home in West Broadway.

Prof. W. H. Johnson, who was called to his father's bedside by telegram, left for Marietta Tuesday night.

Mrs. Nancy Wiser, who has been visiting Mrs. T. M. Williams and Mrs. John Larimore during the past two weeks, left for her home in Marion, Ind., Wednesday.

Mr. Arthur Edridge of Franklin, O., was a Granville visitor yesterday. Invitations are out for a reception at Kappa Phi house this afternoon. Mr. W. W. Parr and Mrs. P. A. Parr are spending in Zanesville, the week of friends.

Every Day Etiquette

"What is the proper way for a married woman to sign her letter to friends?" asked Grace.
"She should sign her Christian name and her husband's surname, as Mary Blake and not Mrs. Geo. B. Blake," was her friend's reply.

JOHNSON'S CASH STORE

Pre-Easter Sale Women's Wear

With Easter Sunday near at hand and all Nature getting ready to don new blossom-trimmed garments, dress is a subject of importance.

From coast to coast and from lakes to gulf, feminine America is busily and enthusiastically choosing her spring apparel.

It is the flood-tide in our own show rooms.

The great steady demand of people who have learned to depend on our judgment of styles, makes no difference to our service, for the replenishing of stocks moves smoothly and efficiently.

New York reports one of the greatest shortages of tailored suits in several years. Everybody is clamoring for suits, but few are getting them. We therefore are in a most advantageous position to serve the women of Newark on account of having so complete and varied stock of New Spring Suits on hand—some of which came in yesterday.

Your Spring Suit
Will Be Worn With
Greatest Pleasure Now

It's time you were getting interested in your own new suit. You'll want to be among those that wear the new styles first. Then the stock is more complete now than at any other time during the season. Many of these suits are shown only one of a model, and further delay in the selection of your suit may deprive you of the style you have had in view.

YOU'LL LIKE THE SUITS AT \$18.00, \$20.00 and \$25.00.

The styles are so pretty and so varied that you will have no trouble in finding what you want. Materials such as tulle, silk, chudah, gabardine and serges in plain colors, black and white checks and novelty mixtures, are made in Norfolk styles: Bolero jacket effects; short coats coming just to the waist; while others are longer. The skirts are made either plain, pleated or the wide flare skirt. Ask to see our showing at \$18, \$20 and \$25.

THE SPRING COATS \$10 and \$15 each.

Are shown in many beautiful styles. Some with yoke back and wide flare bottom, the short waist Empire effect with wide belt across the back, others plain straight coats with large pockets. Many of these coats are lined throughout with silk linings, others are made of a material that requires no lining. Basket weaves, fancy crepe weaves, covers, silks, bengalines, fancy novelty checks and plaids are made up in many styles that we are showing at \$10 and \$15 each.

HAVE YOU SEEN THE NEW SILK DRESSES AT \$12.00 and \$15.00 each.

The styles are so different this season. Wide full skirts, some made plain, others with deep shirring over the hips, giving the necessary fullness at the bottom. Tulle silks, plain and striped taffetas, and soft silk crepes are made in many beautiful styles at \$12 and \$15 each.

BUY EASTER GLOVES SATURDAY.

For the benefit of early Easter shoppers, we will place on sale two special values in gloves for Saturday. We would suggest that you don't delay buying your new gloves, for the last few days will find many sizes gone.

16-BUTTON SILK GLOVES, 59c pair.
A fine quality silk glove in black and white. Two clasp glove with double finger tips. Easter price 59c pair.

HERE IS A FOURTEEN-YEAR-
OLD APPERSON CAR

Apperson Car Built 14 Years Ago, Owned by J. N. DeJong, Omaha, Neb.

Take a good look at it. It was built in 1901.

One glance at this picture will convince you that the automobile industry has made wonderful progress in fourteen years.

The Apperson car here illustrated is fourteen years old, and, when built, was considered to be quite a fine automobile.

Mechanically, it represents a type of construction now long discarded.

The car is equipped with a ten-horse power, double opposed motor, and was driven by a single chain; the wheel base was only 78 inches and you will notice that the wheels are all out of proportion to the size of the car.

This was one of the first cars in the country built with a left-hand drive, and it will also be seen that the old tiller type of steering control was used.

The car had a full elliptic springs, front and rear; patent leather fenders. A step of the carriage type took the place of running boards.

In those days, but little progress had been made in the matter of lighting systems, and an examination of the picture will prove that this car carried two side lights and one head light in the center. This model sold for \$1200.

See the Apperson display at the Auto Show, The Anderson Motor Sales Co., 244 North Fourth Street, Columbus, Ohio. 26-1t.

The City Can Make Current
Cheaper Than It Can Buy It

If Not, Why Is the Light Company Making Such Tremendous Effort to Get Rid of the City Plant?

The Cleveland Municipal Light plant furnishes light to private consumers for three cents maximum—while we pay a private Light Company four and one-half to nine cents. Is municipal ownership of plant a failure?

The current buying advocates have made the statement time and again that it cost the City of Columbus 1.73 cents per K. W. H. to manufacture its current, and compare that figure with the price of the Ohio Light and Power Company is offering to sell us current for, when the fact is that the 1.73 includes the cost of the entire lighting system of Columbus—poles, wires, lamps, labor and everything that goes to make up the cost of building and maintaining the entire light plant.

Much of the argument against maintaining the City plant is that we will have \$20,000.00 more of bonded indebtedness.

Now, what is the difference between issuing bonds to be retired by money raised by taxation 1-10th each year for a period of ten years, and making a contract with the Light Company for a period of ten years, payable monthly?

Where is the money coming from to pay the Light Company for the current we use?

It will have to be raised by taxation of course.

Is there any difference in fact between taxation to pay off bonds for building the plant, and taxation to pay the contract price of the purchased current?

If you sign a contract to pay a man a thousand dollars a year for ten years don't you put your pocket-book just as hard as you would by making a mortgage to him for \$10,000.00 payable a thousand dollars a year?

So, why are all this bugaboo about bonded indebtedness?

The obligation to pay is the meat of the thing that confronts us, and it makes no difference in fact whether we pay off bonds or pay on a contract.

The ten year contract fixing the price between Ohio Light and Power Company and the private consumer in Newark expires in four years from this coming June. If we had a municipal power plant of our own in operation at that time, it certainly ought to be an effective means of raising a contract with the Ohio Light & Power Company that will get out small consumers here lower rates instead of higher rates, than smaller towns of Mt. Vernon and Lancaster, located miles away where there is a very considerable loss in conveying the current from the Light Company plant here.

A rate for the bond issue is a rate for the consumers of electricity.

'Readers' View Point

Electric Light.
Editor of the Advocate:—The very industrious gentlemen who sign "citizens committee" and who are very insistent in calling attention to the difference between commercial lighting and commercial electric power in various cities of the state and in Newark seem to forget, or probably they don't know that the City Council alone fixes the price by ordinance at which electric current shall be sold within a municipality. The Company hasn't anything at all to do with that feature. The City Council supervised by the Public Utilities Commission of the state has that in charge entirely.

This applies to the city of Newark as well as to every other municipality within the state.
